When you build up something in your mind -- really imagine it, wish for it -- sometimes, when it actually happens, it doesn't live up to your expectations.

True love is nothing like that.

Especially not for Katherine and Michael, who can't get enough of each other. Their relationship is unique: sincere, intense, and fun all at the same time. Although they haven't been together all that long, they know it's serious. A whole world opens up as young passion and sexuality bloom.

But it's senior year of high school, and there are big changes ahead. Michael and Katherine are destined for another big "first": a decision. Is this the love of a lifetime, or the very beginning of a lifetime of love?

Editorial Review

Amazon.com Review

"Going all the way" is still a taboo subject in young adult literature. Judy Blume was the first author to write candidly about a sexually active teen, and she's been defending teenagers' rights to read about such subjects ever since. Here, Blume tells a convincing tale of first love--a love that seems strong and true enough to last forever. Katherine loves Michael so much, in fact, that she's willing to lose her virginity to him, and, as the months go by, it gets harder and harder for her to imagine living without him. However, something happens when they are separated for the summer: Katherine begins to have feelings for another guy. What does this mean about her love for Michael? What does this mean about love in general? What does "forever" mean, anyway? As always, Blume writes as if she's never forgotten a moment of what it's like to be a teenager.
