Assessing English Language Learners: Theory and Practice By Guillermo Solano Flores

Assessing English Language Learners explains and illustrates the main ideas underlying assessment as an activity intimately linked to instruction and the basic principles for developing, using, selecting, and adapting assessment instruments and strategies to assess content knowledge in English language learners (ELLs). Sensitive to the professional development needs of both in-service and pre-service mainstream teachers with ELLs in their classrooms and those receiving formal training to teach culturally and linguistically diverse students, the text is designed to engage readers in

- viewing assessment as a critical part of teaching
- appreciating that assessments provide teachers with valuable information about their students' learning and thinking
- becoming aware of the relationship among language, culture, and testing
- understanding the reasoning that guides test construction
- recognizing the limitations of testing practices
- being confident that assessment is an activity classroom teachers (not only accountability specialists) can perform

Highlighting alternative, multidisciplinary approaches that address linguistic and cultural diversity in testing, this text, enhanced by multiple field-tested exercises and examples of different forms of assessment, is ideal for any course covering

the theory and practice of ELL assessment.

Users Review

From reader reviews:

Heather Snyder:

Your reading sixth sense will not betray a person, why because this Assessing English Language Learners: Theory and Practice reserve written by well-known writer who really knows well how to make book that may be understand by anyone who also read the book. Written throughout good manner for you, leaking every ideas and writing skill only for eliminate your personal hunger then you still question Assessing English Language Learners: Theory and Practice as good book not merely by the cover but also through the content. This is one reserve that can break don't evaluate book by its cover, so do you still needing an additional sixth sense to pick that!? Oh come on your reading through sixth sense already alerted you so why you have to listening to one more sixth sense.

Lisa Vazquez:

Many people spending their period by playing outside along with friends, fun activity using family or just watching TV 24 hours a day. You can have new activity to pay your whole day by reading through a book. Ugh, ya think reading a book will surely hard because you have to take the book everywhere? It ok you can have the e-book, taking everywhere you want in your Smartphone. Like Assessing English Language Learners: Theory and Practice which is having the e-book version. So , why not try out this book? Let's observe.

Verna Tubbs:

As a pupil exactly feel bored in order to reading. If their teacher inquired them to go to the library or even make summary for some reserve, they are complained. Just tiny students that has reading's heart and soul or real their interest. They just do what the educator want, like asked to the library. They go to generally there but nothing reading really. Any students feel that reading through is not important, boring and also can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you. As we know that on this era, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Assessing English Language Learners: Theory and Practice can make you really feel more interested to read.

Stanley Cooper:

Reading a guide make you to get more knowledge from that. You can take knowledge and information from a book. Book is published or printed or descriptive from each source which filled update of news. In this modern era like today, many ways to get information are available for an individual. From media social like newspaper, magazines, science reserve, encyclopedia, reference book, new and comic. You can add your understanding by that book. Isn't it time to spend your spare time to open your book? Or just in search of the Assessing English Language Learners: Theory and Practice when you essential it?
