Think and Grow Rich: The Landmark Bestseller - Now Revised and Updated for the 21st Century By Napoleon Hill

Please note that this item is a roughcut (deckle edge) edition

Think and Grow Rich has been called the "Granddaddy of All Motivational Literature." It was the first book to boldly ask, "What makes a winner?" The man who asked and listened for the answer, Napoleon Hill, is now counted in the top ranks of the world's winners himself.

The most famous of all teachers of success spent "a fortune and the better part of a lifetime of effort" to produce the "Law of Success" philosophy that forms the basis of his books and that is so powerfully summarized in this one.

In the original **Think and Grow Rich**, published in 1937, Hill draws on stories of Andrew Carnegie, Thomas Edison, Henry Ford, and other millionaires of his generation to illustrate his principles. In the updated version, Arthur R. Pell, Ph.D., a nationally known author, lecturer, and consultant in human resources management and an expert in applying Hill's thought, deftly interweaves anecdotes of how contemporary millionaires and billionaires, such as Bill Gates, Mary Kay Ash, Dave Thomas, and Sir John Templeton, achieved their wealth. Outmoded or arcane terminology and examples are faithfully refreshed to preclude any stumbling blocks to a new generation of readers.

Editorial Review

Review

"During the past twenty-five years I have been blessed with more good fortune than any individual deserves but I shudder to think where I'd be today, or what I'd be doing if I had not been exposed to Napoleon Hill's philosophy. It changed my life."

--Og Mandino, *The Greatest Salesman in the World*

Language Notes

Be prepared, therefore, when you expose yourself to the influence of this philosophy, to experience a changed life which may help you not only to negotiate your way through life with harmony and understanding, but also to prepare you for the accumulation of material riches in abundance. Teaching, for the first time, the famous Carnegie formula for money-making, based upon the thirteen proven steps to riches.

Napoleon Hill's works examined the power of personal beliefs, and the role they play in personal success. "What the mind of man can conceive and believe, it can achieve" is one of Hill's hallmark expressions. How achievement actually occurs, and a formula for it that puts success in reach for the average person, were the promise of Hill's books.

This product is manufactured on demand using CD-R recordable media. Amazon.com's standard return policy will apply.

From the Author

In every chapter of this book, mention has been made of the money-making secret which has made fortunes for hundreds of exceedingly wealthy men whom I have carefully analyzed over a long period of years.

The secret was brought to my attention by Andrew Carnegie, more than half a century ago. the canny, lovable old Scotsman carelessly tossed it into my mind, when I was but a boy. Then he sat back in his chair, with a merry twinkle in his eyes, and watched carefully to see if I had brains enough to understand the full significance of what he had said to me.

When he saw that I had grasped the idea, he asked if I would be willing to spend twenty years or more preparing myself to take it to the world, to men and women who, without the secret, might go through life as failures. I said I would, and with Mr. Carnegie's cooperation, I have kept my promise. Napoleon Hill, 1928

Users Review

From reader reviews:

Diane Numbers:

What do you concentrate on book? It is just for students as they are still students or the item for all people in the world, what the best subject for that? Simply you can be answered for that issue above. Every person has various personality and hobby for each and every other. Don't to be pressured someone or something that they don't wish do that. You must know how great and important the book Think and Grow Rich: The
