Editorial Review

Review

Willa Okati has done yet another masterful job in *A Year and a Day*. The love between Ash and Slate is readily apparent and the huge sense of loss Slate felt when Ash died made me sad as well. I wondered if I would get a satisfying ending from *A Year and a Day* and I definitely did.

About the Author

Willa Okati has a hundred and one different stories to tell, and she's getting there one book at a time. Permanently glued to her computer chair in front of a laptop, she can be found pounding the keys from before dawn until after dusk. She's delighted to have found a home at Samhain, where she can write her Appalachian-with-a-twist paranormal stories. Coffee is her best friend and her lifesaver; cats are her muses; her bookshelves are groaning under the weight of a tremendous collection.
