Pro ODP.NET for Oracle Database 11g (Expert's Voice in Oracle) By
Edmund Zehoo, Yap Wai Hong

This book is a comprehensive and easy-to-understand guide for using the Oracle Data Provider (ODP) version 11g on the .NET Framework. It also outlines the core GoF (Gang of Four) design patterns and coding techniques employed to build and deploy high-impact mission-critical applications using advanced Oracle database features through the ODP.NET provider.

The book details the features of the ODP.NET provider in two main sections: “Basic,” covering the basics and mechanisms for data access via ODP.NET; and “Advanced,” covering advanced Oracle features such as globalization, savepoints, distributed transactions and how to call them via ODP.NET, advanced queueing (AQ), and promotable transactions. It takes you from the ground up through different implementation scenarios via a rich collection of C# code samples.

It outlines database security and performance optimization tricks and techniques on ODP.NET that conform to best practices and adaptable design. Different GoF design patterns are highlighted for different types of ODP.NET usage scenarios with consideration of performance and security.

It provides a comprehensive guide to the synergistic integration of Oracle and Microsoft technologies such as the Oracle Developer Tools for Visual Studio (11.1.0.7.10). It also details how programmers can make use of ODT to streamline the creation of robust ODP.NET applications from within the Visual Studio environment.

Editorial Review

About the Author

Edmund T. Zehoo is the chief technology officer and co-founder of Arigoo Pte Ltd., an e-forms and workflows solution vendor based in Singapore. He was the lead architect in the four-year design of Arigoo's flagship product from scratch, which is now a mature product in Singapore with a list of multinational corporate customers to its name. He also holds more than eight years of experience in building performance critical .NET e-forms and workflows solutions hosted on top of Oracle databases for large companies and governmental institutions located in Singapore.

Users Review

From reader reviews:

Max Norris:

What do you think of book? It is just for students since they're still students or the item for all people in the world, exactly what the best subject for that? Merely you can be answered for that query above. Every person has distinct personality and hobby for each and every other. Don't to be obligated someone or something that they don't desire do that. You must know how great and important the book Pro ODP.NET for Oracle Database 11g (Expert's Voice in Oracle). All type of book could you see on many methods. You can look for the internet options or other social media.

Steven Parrish:

Here thing why that Pro ODP.NET for Oracle Database 11g (Expert's Voice in Oracle) are different and reputable to be yours. First of all looking at a book is good however it depends in the content of it which is the content is as yummy as food or not. Pro ODP.NET for Oracle Database 11g (Expert's Voice in Oracle) giving you information deeper and in different ways, you can find any e-book out there but there is no e-book that similar with Pro ODP.NET for Oracle Database 11g (Expert's Voice in Oracle). It gives you thrill studying journey, its open up your personal eyes about the thing which happened in the world which is perhaps can be happened around you. You can bring everywhere like in area, café, or even in your means home by train. Should you be having difficulties in bringing the branded book maybe the form of Pro ODP.NET for Oracle Database 11g (Expert's Voice in Oracle) in e-book can be your substitute.

Jesus Jones:

The reason why? Because this Pro ODP.NET for Oracle Database 11g (Expert's Voice in Oracle) is an unordinary book that the inside of the e-book waiting for you to snap the item but latter it will surprise you with the secret the idea inside. Reading this book alongside it was fantastic author who also write the book in such wonderful way makes the content within easier to understand, entertaining technique but still convey the meaning completely. So , it is good for you for not hesitating having this any longer or you going to regret it. This amazing book will give you a lot of gains than the other book get such as help improving your

talent and your critical thinking method. So , still want to delay having that book? If I had been you I will go to the e-book store hurriedly.

Joseph Robison:

As a university student exactly feel bored in order to reading. If their teacher inquired them to go to the library or make summary for some reserve, they are complained. Just tiny students that has reading's internal or real their hobby. They just do what the trainer want, like asked to go to the library. They go to presently there but nothing reading significantly. Any students feel that studying is not important, boring and can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this Pro ODP.NET for Oracle Database 11g (Expert's Voice in Oracle) can make you sense more interested to read.
