The Encyclopedia of Elder Care: The Comprehensive Resource on Geriatric Health and Social Care, Third Edition (Capezuti, Encyclopedia of Elder Care) From Springer Publishing Company

The third edition of this outstanding resource reflects the many advances in the care of older people that have occurred since the publication of the second edition in 2007... The vast bulk of the content is accessible and relevant to an international audience. The indexing and cross-referencing are excellent... Score: 5/5 stars." -- **Margaret Arthur, *Nursing Standard***

"The information [in this book] is amazing. I reviewed topics in which I have expertise and was very satisfied. This is an excellent addition to my library and I will refer to it often, much like a medical dictionary... Score: 90, 4 Stars."--**Doody's Medical Reviews**

The third edition of this encyclopedia provides 273 comprehensive, yet succinct, entries on a variety of topics related to elder care. In addition, many of the entries include see also references that help readers easily navigate the book. Entries are written at an undergraduate level and would be useful for practitioners, students, and caregivers. Recommended."--**Choice: Current Reviews for Academic Libraries**

This interdisciplinary clinical reference encompasses more than 310 current entries on a broad range of topics related to geriatrics and geriatric care across multiple health care disciplines. The third edition reflects the many advances in geriatrics that have occurred since the publication of the second edition in 2006. It contains the updated, evidence-based contributions of more than 260 nationally recognized geriatric healthcare professionals regarding elder-care concerns relating to society, community, caregiving, and the individual. Completely new entries address Geriatric Care Models (acute care for elders, Project BOOST), Geriatric Health Issues (diarrhea in adults, prolonged hospitalization, frailty, fronto-temporal dementia, re-hospitalization, acute urinary retention, personality and aging, primary palliative care), Technology and Aging (Smart home sensors, Telehealth, Surveillance technology), and more.

The Encyclopedia is organized alphabetically and includes links to important Web-based resources and Apps. Clinical topics comprehensively address

diagnosis, treatment, and disease management. Health care clinicians across the continuum will find this reference[✓]the only one of its kind--to be a valuable guide to making appropriate referrals to social service providers, and social service professionals will be well informed by highly accessible descriptions of diagnoses, clinical syndromes, and care management.

Key Features:

- Includes over 310 updated geriatric and geriatric care clinical entries across multiple healthcare disciplines
- Contains state-of-the-art contributions from over 260 nationally recognized geriatric healthcare experts
- Provides clinical content for social service professionals and social care information for clinicians
- Offers new information on multiple topics relating to Geriatric Care Models, Geriatric Health Concerns, and Technology and Aging
- References numerous Web-based resources and Apps

Editorial Review

About the Author

Elizabeth A. Capezuti, PhD, RN, FAAN, is the Dr. John W. Rowe Professor in Successful Aging at New York University (NYU) College of Nursing, USA. As Co-Director of the Hartford Institute for Geriatric Nursing, Dr. Capezuti oversees the research initiatives of the institute and directs the NICHE (Nurses Improving Care for Healthsystem Elders) programme. She is an internationally recognised geriatric nurse researcher, known for her work in improving the care of older adults by interventions and models that positively influence healthcare providers' knowledge and work environment. The recipient of more than \$8M in research and training grants, Dr. Capezuti has disseminated the findings of 35 funded projects in four co-edited books and more than a hundred peer reviewed articles and book chapters. Michael L. Malone, MD, is Professor of Medicine at the University of Wisconsin School of Medicine and Public Health, Medical Director of Aurora Senior Services at the Aurora Visiting Nurse Association of Wisconsin, and Section Head of Geriatrics and Geriatrics Fellowship Director at the Aurora Sinai Medical Center, Milwaukee, WI, USA. Dr. Malone is also Adjunct Professor at Marquette University College of Health Sciences, Milwaukee.

Users Review

From reader reviews:

Anthony Valdez:

Information is provisions for people to get better life, information currently can get by anyone in everywhere. The information can be a knowledge or any news even a huge concern. What people must be consider if those information which is in the former life are hard to be find than now's taking seriously which one is suitable to believe or which one the resource are convinced. If you have the unstable resource then you obtain it as your main information it will have huge disadvantage for you. All those possibilities will not happen inside you if you take The Encyclopedia of Elder Care: The Comprehensive Resource on Geriatric Health and Social Care, Third Edition (Capezuti, Encyclopedia of Elder Care) as the daily resource information.

Stephen Rael:

The actual book The Encyclopedia of Elder Care: The Comprehensive Resource on Geriatric Health and Social Care, Third Edition (Capezuti, Encyclopedia of Elder Care) has a lot associated with on it. So when you make sure to read this book you can get a lot of gain. The book was authored by the very famous author. The writer makes some research just before write this book. This particular book very easy to read you may get the point easily after looking over this book.

Darlene Lewis:

In this period of time globalization it is important to someone to receive information. The information will

make someone to understand the condition of the world. The condition of the world makes the information better to share. You can find a lot of references to get information example: internet, magazine, book, and soon. You can view that now, a lot of publisher this print many kinds of book. Typically the book that recommended for you is The Encyclopedia of Elder Care: The Comprehensive Resource on Geriatric Health and Social Care, Third Edition (Capezuti, Encyclopedia of Elder Care) this publication consist a lot of the information of the condition of this world now. This specific book was represented just how can the world has grown up. The language styles that writer require to explain it is easy to understand. The actual writer made some investigation when he makes this book. Honestly, that is why this book suited all of you.

Joseph Carter:

As a scholar exactly feel bored in order to reading. If their teacher requested them to go to the library or make summary for some publication, they are complained. Just little students that has reading's spirit or real their pastime. They just do what the instructor want, like asked to the library. They go to there but nothing reading really. Any students feel that reading is not important, boring and can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this The Encyclopedia of Elder Care: The Comprehensive Resource on Geriatric Health and Social Care, Third Edition (Capezuti, Encyclopedia of Elder Care) can make you feel more interested to read.
