### Destiny Decoded: The Beginner's Guide to the World's Most Addictive (and Confusing) Shooter By Ian Frost

\*Author's note: this book does NOT contain any information on The Taken King expansion or the House of Wolves DLC. I'm working on a Taken King strategy guide and hope to have it out by the end of November (I originally planned to have it out in October but it hasn't worked out). This guide only contains information on the base game and the Dark Below DLC.

New to Destiny and wondering what exactly is going on in this game? Don't wander around lost; pick up this guide and learn how to get to the highest levels of Destiny. Topics include:

- Fast leveling
- Currencies and how to farm them
- Raid preparation
- How to tackle the hardest missions in the game
- The ins and outs of the Iron Banner

And a whole lot more!

Don't waste dozens of hours on the internet searching for answers or fifty+ dollars on an overpriced strategy guide. Pick up Destiny Decoded and start on your path to becoming Legend.
