#### **Rodolfo Odum:**

As we know that book is very important thing to add our expertise for everything. By a e-book we can know everything we want. A book is a range of written, printed, illustrated or blank sheet. Every year had been exactly added. This book Management industriel et logistique was filled regarding science. Spend your spare time to add your knowledge about your technology competence. Some people has several feel when they reading some sort of book. If you know how big selling point of a book, you can truly feel enjoy to read a book. In the modern era like right now, many ways to get book that you wanted.

#### Armida Shipman:

As a college student exactly feel bored to be able to reading. If their teacher inquired them to go to the library as well as to make summary for some e-book, they are complained. Just very little students that has reading's heart and soul or real their leisure activity. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading really. Any students feel that studying is not important, boring in addition to can't see colorful images on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this Management industriel et logistique can
