Neuroradiology: The Requisites, 3e (Requisites in Radiology) By David M. Yousem MD MBA, Robert D. Zimmerman MD, Robert I. Grossman MD

Neuroradiology, the top-selling book in the Requisites in Radiology series by Dr. David Yousem et al., efficiently presents everything you need to know about diagnostic imaging of the most commonly encountered neurological conditions. The authors address the conceptual, technical, and interpretive core knowledge needed for imaging the brain, spine, head, and neck, and discuss all the high-tech imaging modalities used, including diffusion weighted imaging, CT angiography, and MR spectroscopy. Compact yet authoritative, this work is a great reference for both board preparation and practice.

- Focus on the essentials needed to pass the boards and the Certificate of Added Qualification exam.
- Easily review and visualize important facts with more than 1,000 high-quality pictures, charts, lists, boxes, tables, differential diagnoses and suggested readings.
- Get all you need for daily reference with a concise, yet comprehensive format.
- Interpret the findings generated from each high-tech imaging modality used to study the brain, spine, head, and neck, including diffusion weighted imaging, perfusion weighted imaging, CT angiography, MR angiography, and MR spectroscopy.

Carry and consult this resource easily with its new, more compact book size.

Editorial Review

Review

"I consider it to be the wisest purchase of a textbook in the entire field of diagnostic neuroradiology...This is the text recommended over all others, no matter one's degree of experience or training. This book is unique in its approach, complete in its content, and profuse in its illustrative and tabular material." – AJNR, review of the 2nd edition

Users Review

From reader reviews:

Jess Bolan:

This book untitled Neuroradiology: The Requisites, 3e (Requisites in Radiology) to be one of several books in which best seller in this year, honestly, that is because when you read this reserve you can get a lot of benefit on it.
