The Egg and I By Betty Macdonald

When Betty MacDonald married a marine and moved to a small chicken farm on the Olympic Peninsula in Washington State, she was largely unprepared for the rigors of life in the wild. With no running water, no electricity, a house in need of constant repair, and days that ran from four in the morning to nine at night, the MacDonalds had barely a moment to put their feet up and relax. And then came the children. Yet through every trial and pitfall--through chaos and catastrophe--this indomitable family somehow, mercifully, never lost its sense of humor.
