Editorial Review

Review

The Cruising Guide to Abaco is a wonderful help on board as well as for planning a sailing trip in the Abacos. It has all the necessary charts for approach planning and nice aerial images showing the way to anchorages. To make navigation easy there is an outstanding set of GPS waypoints you can use with the boat's plotter. An exceptional help are the charts of dive moorings and dive spots to find all the dive spots on your own not being dependent on the dive shops and their preselected dive spots schedule. I wished this guide would be regularly available in Europe as well. Amazon 2015 --Amazon.com
