Fly By Wire (Jammer Davis Thriller Book 1) By Ward Larsen

With its revolutionary fly-by-wire technology, the C-500 had become the freight airframe of choice. Until a routine delivery goes horribly wrong. Falling like a stone from six miles up, a brand new C-500 crashes in central France, killing two pilots aboard. When French officials take over this highly public investigation, they call in the best there is: they call Frank Jammer Davis. A retired U.S. Air Force fighter pilot, Davis is part of the NTSB's go-team. With a reputation for getting things done-and for steamrolling anyone who gets in his way-Davis starts to dig. But just as Davis starts his investigation, news of the crash is overshadowed by a more spectacular disaster: suicide bombers attack oil refineries worldwide, sending governments and financial markets into a tailspin. A relentless Davis keeps investigating, but uncovering the cause of the crash, and its terrifying connection to this worldwide disaster, reveals a conspiracy of unthinkable proportions-a conspiracy he might not be able to stop. Jammer Davis won't stop until he gets answers-or until somebody stops him from getting answers.

Editorial Review

From Publishers Weekly

A serviceable hero and plot propel this largely workmanlike thriller from Larsen (*Stealing Trinity*). Tough, uncompromising National Transportation Safety Board investigator Jammer Davis attempts to uncover the cause of a mysterious crash of the brand new CargoAir C-500, a flying-wing cargo plane operating under fly-by-wire technology. Meanwhile, a series of terrorist suicide attacks threatens oil facilities around the world. Jammer, aided by his semi-love interest, CIA agent Anna Sorensen, will stop at nothing as he bulls his way through bureaucratic obstruction, inept and corrupt officials, hired killers, and problems at home with his teenage daughter, Jenny. Eventually, he gets on the trail of a far larger plot involving a cabal of international businessmen out for economic gain. Larsen ties up all his loose ends nicely, and a nail-biter conclusion finally heats up the action.

A new cargo plane crashes in France, and the National Transportation Safety Board sends Jammer Davis to investigate in Larsen's latest thriller. Davis' superiors want easy answers, and the easiest answer of all is "pilot error." The plane has a sophisticated fly-by-wire design; if the crash was due to manufacturing, the economic cost of all the cargo shipments screeching to a halt would be catastrophic. Jammer has his doubts, however, and his investigation reveals a shocking conspiracy that has ties to a rash of terrorist bombings at oil refineries. Larsen is fast becoming a thriller writer to watch. He clearly knows his subject matter and has a knack for writing about technology without it getting in the way of the story or the characters. Fans of the aviation thrillers of John Nance and of Michael Crichton's *Airframe* (1996) will find much to enjoy here. -- Jeff Ayers

Review

"Larsen, a former Air Force fighter pilot who's flown many combat missions, is a skilled writer who knows his technology, but does not let it overwhelm his story. His latest [*Fly By Night*] is a solid action novel that will appeal to aviation thriller junkies who enjoy John J. Nance and Dana Haynes."?Library Journal

"*Fly By Wire* combines the complexities of aircraft technology, international conspiracies, terrorism, oil shortages, falling financial markets, and a father's love for his teenage daughter with an ease that is breathtaking."?Mystery Scene Magazine

"I love thriller authors who live what they write about. Ward Larsen is an airline captain who also flew combat missions and worked on aircraft accident investigations. In *Fly By Wire*, he brings his expert background to a gripping, entertaining, informative thriller that feels authentic on every page. Fans of Vince Flynn and Michael Crichton's *Airframe* will find a new favorite here."?David Morrell, New York Times best-selling author

"Larsen clearly knows his military technology, and Jammer Davis is fast becoming one of the leading protagonists in the techno-thriller world. Another winner [*Fly By Night*] from Larsen that will appeal to fans of Clancy and Flynn."?Booklist
