Currency Management: Overlay and Alpha Trading By Jessica James

This multi-contributor volume includes detailed analysis into the increasingly important areas of currency overlay and FX modelling - providing you with a range of practical solutions to common problems that have proved their worth time and again. It includes contributions from leading fund managers, overlay companies and investment/asset managers, including many of the most respected players in the field. It advises on the pros and cons of implementing a programme internally vs. outsourcing to a currency manager and additionally covers, currency risk and hedging, active vs. passive hedging, determining the hedge ratio, the design and implementation of a trading strategy, trading models and model building and testing.
