From the Publisher

April Masini, through her new book, Think & Date Like A Man reveal the secrets to dating success. If you want to win in the world of dating and to succeed in attracting, in dating, and marrying the person you want - not the one you feel you must "settle for" -- you need to read Think & Date Like A Man ... it will change the way you approach dating –for good.

From the Author

This book is a direct result of thousands of letters, questions and complaints I have received from women through my column, Ask April, and my website, AskApril.com -- specifically, the whining and complaining about wanting (but failing) to get married, and if not that, from women who were in love and were left. Interestingly, both sing the same tune: I'm really lonely and really afraid, suffering from low self-esteem, filled with self doubt, consumed with insecurity and lack of confidence. Help!

This book will take you on a journey from whiner to winner and help you to think less like Princess Diana, and more like Camilla Parker Bowles – the woman who didn't look like a princess at first glance, but got the prince, hook line and sinker. Diana was sweet and good – but hopelessly and helplessly sad in love. Camilla, however, used her skills to capture the prince's heart. She was not more beautiful than Diana – she was way less so. She was not younger than Diana. She was older. But despite the supposed disadvantages of youth and beauty, Camilla had what it took to get what she wanted, and that is why she is a good example of what I want to impart to you, that you do not have to be the most beautiful woman in the room to get the man you want – or to get all the men in the room, for that matter. What you do have to be is wise.
