**An Encyclopedia of Shamanism, Volume Two: N-Z (Encyclopedia of Shamanism (2 Volume Set))** By Christina Pratt

Shamanism can be defined as the practice of initiated shamans who are distinguished by their mastery of a range of altered states of consciousness. Shamanism arises from the actions the shaman takes in non-ordinary reality and the results of those actions in ordinary reality. It is not a religion, yet it demands spiritual discipline and personal sacrifice from the mature shaman who seeks the highest stages of mystical development.
