Biology in Focus Plus MasteringBiology with eText -- Access Card Package, 2/e

Package consists of:

0134156382 / 9780134156385 MasteringBiology with Pearson eText -- ValuePack Access Card -- for Campbell Biology in Focus

0321962753 / 9780321962751 Campbell Biology in Focus, 2/e

In 930 text pages, Campbell Biology in Focus, Second Edition, emphasizes the essential content, concepts, and scientific skills needed for success in the college introductory course for biology majors.

Focus. Practice.

Engage.

Campbell Biology in Focus is the best-selling “short” textbook for the introductory college biology course for science majors. Every unit takes an approach to streamlining the material that best fits the needs of instructors, based on surveys, curriculum initiatives, reviews, discussions with hundreds of biology professors, careful analyses of course syllabi, and the report Vision and Change in Undergraduate Biology Education. The Second Edition builds on the Campbell hallmark standards of accuracy, clarity, and pedagogical innovation, going beyond this foundation to help students make connections visually across chapters, interpret real data from research, and synthesize their knowledge. The accompanying digital resources include new, mobile-friendly tools that help instructors teach challenging topics better than ever before; integrate the eText with videos and animations; and allow students to test, learn, and retest until they achieve mastery of the content.

Also Available with  
MasteringBiology™

This title is also available with MasteringBiology – an online homework, tutorial, and assessment product proven to improve results by helping students quickly master concepts. Students benefit from self-paced tutorials that feature personalized wrong-answer feedback and hints that emulate the office-hour experience and help keep students on track. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts. New MasteringBiology activities for this edition include Interpret the Data Questions, which challenge students to analyze real data presented in a graph, figure or table, and Solve It Tutorials, which engage students in a multistep investigation of a scientific “mystery.” For instructors, new Ready-to-Go Teaching Modules provide easy-to-use assignments for before and after class plus in-class activities with clicker questions and questions in Learning Catalytics™.

## **Editorial Review**

### **Users Review**

#### **From reader reviews:**

##### **Thomas Britton:**

People live in this new morning of lifestyle always make an effort to and must have the free time or they will get large amount of stress from both way of life and work. So , once we ask do people have free time, we will say absolutely without a doubt. People is human not really a huge robot. Then we request again, what kind of activity are there when the spare time coming to you of course your answer can unlimited right. Then do you try this one, reading publications. It can be your alternative within spending your spare time, typically the book you have read is definitely Campbell Biology in Focus, 2/e.

##### **Thomas Rasmussen:**

Playing with family in a park, coming to see the marine world or hanging out with pals is thing that usually you could have done when you have spare time, and then why you don't try thing that really opposite from that. Just one activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love Campbell Biology in Focus, 2/e, you may enjoy both. It is excellent combination right, you still wish to miss it? What kind of hangout type is it? Oh seriously its mind hangout folks. What? Still don't obtain it, oh come on its named reading friends.

##### **Robert Bowser:**

Many people spending their time by playing outside having friends, fun activity using family or just watching TV the entire day. You can have new activity to spend your whole day by reading through a book. Ugh, ya think reading a book can really hard because you have to accept the book everywhere? It okay you can have the e-book, bringing everywhere you want in your Cell phone. Like Campbell Biology in Focus, 2/e which is finding the e-book version. So , why not try out this book? Let's observe.

##### **Amy Osburn:**

What is your hobby? Have you heard that will question when you got scholars? We believe that that concern was given by teacher for their students. Many kinds of hobby, Every individual has different hobby. And you also know that little person like reading or as reading become their hobby. You should know that reading is very important along with book as to be the matter. Book is important thing to add you knowledge, except your own personal teacher or lecturer. You will find good news or update in relation to something by book. Different categories of books that can you choose to adopt be your object. One of them are these claims Campbell Biology in Focus, 2/e.
