Deep Storm: A Novel By Lincoln Child

*Twelve-thousand feet beneath the Atlantic Ocean . . .
scientists are excavating the most extraordinary undersea discovery ever made.
But is it the greatest archaeological find in history—or the most terrifying?*

Former naval doctor Peter Crane is urgently summoned to a remote oil platform in the North Atlantic to help diagnose a bizarre medical condition spreading through the rig. But when he arrives, Crane learns that the real trouble lies far below—on “Deep Storm,” a stunningly advanced science research facility built two miles beneath the surface on the ocean floor. The topsecret structure has been designed for one purpose: to excavate a recently discovered undersea site that may hold the answers to a mystery steeped in centuries of myth and speculation.

Sworn to secrecy, Dr. Crane descends to Deep Storm. A year earlier, he is told, routine drilling uncovered the remains of mankind’s most sophisticated ancient civilization: the legendary Atlantis. But now that the site is being excavated, a series of disturbing illnesses has begun to affect the operation. Scientists and technicians are experiencing a bizarre array of symptoms—from simple fatigue to violent psychotic episodes. As Crane is indoctrinated into the strange world of Deep Storm and commences his investigation, he begins to suspect that the covert facility conceals something more complicated than a medical mystery. The discovery of Atlantis might, in fact, be a cover for something far more sinister . . . and deadly.

Like Lincoln Child’s spectacular bestsellers coauthored with Douglas Preston (*The Book of the Dead, Relic*), *Deep Storm* melds scientific detail and gripping adventure in a superbly imagined, chillingly real journey into unknown territory. Child is a master of suspense, and *Deep Storm* is his most ambitious novel to date.

Editorial Review

From Publishers Weekly

Best known as the coauthor (with Douglas Preston) of such bestselling thrillers as *Dance of Death*, Child delivers a well-crafted and literate science fiction thriller, his third solo effort (after 2004's *Death Match*). Peter Crane, a former naval doctor, faces the challenge of his career when he investigates a mysterious illness that has broken out on a North Atlantic oil rig. Sworn to secrecy, Crane is transported from the rig to an amazing undersea habitat run by the military that's apparently pursuing evidence that Atlantis exists. Psychotic episodes among the scientific staff as well as the activities of a saboteur that threatens the project's safety keep Crane busy, even as some of the staff members confront him with concerns that exploring the Earth's core could be fatal to all life on earth. Crisp writing energizes a familiar plot, which builds to an unsettling climax with echoes of Child and Preston's *The Ice Limit*.

Peter Crane, a naval physician, flies out to an oil rig to investigate what appears to be the first appearance of an incredibly virulent disease. But when he gets there, he discovers that the problem is even worse than he was led to believe. The disease is attacking the residents of a deep-water research facility, not the oil workers, and it could be linked to the facility's excavations of an ancient site that might hold the key to the fate of the lost city of Atlantis. Child, whose stand-alone novels generally are not quite as good as the series novels he cowrites with Douglas Preston, turns the tables here, setting his hook in the first couple of pages and slowly reeling the reader in. The prose may be a tad rough, but the story is imaginative and filled with wonder. Lovers of deep-sea adventure (and in particular fans of the James Cameron movie *The Abyss* or Michael Crichton's novel *Sphere*, 1987) will want to plunge into this one. *David Pitt*

Review

Early Raves for *Deep Storm*

"Lincoln Child's novels are both thrilling and tantalizing, always managing to stay one step ahead of readers' expectations. *DEEP STORM* hatches a fascinating riddle that refuses to unravel until the final exhilarating page."

—VINCE FLYNN, *NEW YORK TIMES* bestselling author of *ACT OF TREASON*

"The suspense is harrowing and brilliantly conceived. Child tells a story with style and fascination. *DEEP STORM* is undersea adventure told like never before, with a terrific ending."

—CLIVE CUSSLER, #1 *NEW YORK TIMES* bestselling author

"A slick, savvy, intelligent thriller with a scary, sticks-in-your-brain climax."

—STEVE BERRY, *NEW YORK TIMES* bestselling author of *THE TEMPLAR LEGACY*

"Few writers do it better than Child."
