The Dayspring of Youth By M.

This work is a record of instruction received during different states of Yoga practice; that sealed book opened by the aspiring student during his development into his own inner states of being. - M (the author). This precious book stands next to Blavatsky's The Secret Doctrine (1888) as one of the most important spiritual books of recent centuries. First published in 1931, at a time when charlatans and fortune-seekers were rapidly expanding their efforts to mislead humanity through mischevious spiritual teachings, this mysterious book by an "anonymous" author opened the doors for sincere seekers to real spirituality. Yet, the author "M" could not state explicitly what was destined to be fully revealed beginning in 1950 by Samael Aun Weor. When illuminated by the light of the ancient Gnostic teachings, the wisdom of this book can truly be understood and valued. Chapters include: Atoms; The Nous Atom; Destructive Atoms; The Astral; Elemental Nature; The Eternal Lover; Nature; Health in Yoga; Advocate and Dweller on the Threshold; Finer Forces; Breathing and Bloodstream; Animal Food; Reincarnation and Karma; Atmospheric Screen and Breathing; Mental Travelling; Masters; Submerged Worlds; The Silver Shield; The Elemental Advocate; Healing; Yoga Techniques; Summary of the Silver Shield; Determinative Energy; An Arcadian Contact; Mantras; Transformation Breathing; Cosmic Rays; Natural Magic; Egypt; Chinese Consciousness; The Element of Fire; The Solar Flame.

THIS work is a record of instruction received during different states of Yoga practice; that sealed book opened by the aspiring student during his development into his own inner states of being. We have been permitted to reveal this in order that others, by similar practice, may develop and unfold their inner powers; for the body is a storehouse of past, present and-strange though it seems-future records.

At the beginning and end of each age there is a pouring forth of hierarchal cosmic streams of energy, and as they intermittently enter the earth's atmosphere and unite we find in this radiation that instruction best fitted for the time. Thus there is brought to birth a new period of discovery for the world.

This new force, called by Initiates "The Dayspring of Youth," has been in activity for some time, and they who respond to it and practise this Western Yoga can enter the new era and become its instrument.

This force, now working over Western Europe and America, possesses a new vitality and energy that will bring about a severance from past and inherited conditions. Minds that respond to it are clarified, and any opposition within the atmosphere of the mental body can no longer imprison them within its rebellious aura. For practice of this Yoga attracts an atomic energy of a finer nature and transmutes the consciousness.

The Great Initiates call this "The Churning of the Butter," the separation of the finer elements in man from the coarser. If the student responds to these finer forces he becomes aware of this manifestation within his physical body and mental atmosphere.

For over fifty years students have been side-tracked regarding the true methods of Yoga; for in nearly every book dealing with this subject they have been told to "Concentrate inwardly." This is false; as such concentration attracts atoms of personality and desire. Neither should the word "I" be used; for this again brings the personal element into play. It is impossible to pass inwardly by direct concentration unless one also aspires. Only through personal contact with a Master has a student been taught the true method.

Man is a prisoner within the atmosphere of this world, but his Higher self awaits the time when he will release himself from bondage and return to it. This union can be accomplished in one life if the student will but ASPIRE and bring into activity those dormant properties of matter within him of which he has been unaware.

Users Review

From reader reviews:

Sharon Hardin:

Now a day people who Living in the era where everything reachable by interact with the internet and the resources inside it can be true or not involve people to be aware of each information they get. How people have to be smart in having any information nowadays? Of course the correct answer is reading a book.
