Jennifer Williams:

As a pupil exactly feel bored to be able to reading. If their teacher requested them to go to the library or even

make summary for some e-book, they are complained. Just small students that has reading's heart or real their interest. They just do what the teacher want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that studying is not important, boring and also can't see colorful images on there. Yeah, it is being complicated. Book is very important for you. As we know that on this period, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this User Centered System Design: New Perspectives on Human-computer Interaction can make you sense more interested to read.
