**Giants on Record: America's Hidden History, Secrets in the Mounds and the Smithsonian Files** By Jim Vieira, Hugh Newman

Over a 200-year period thousands of newspaper reports, town and county histories, letters, photos, diaries, and scientific journals have documented the existence of an ancient race of giants in North America. Extremely tall skeletons ranging from 7 feet up to a staggering 18 feet tall have been uncovered in prehistoric mounds, burial chambers, caves, geometric earthworks, and ancient battlefields.

Strange anatomic anomalies such as double rows of teeth, horned skulls, massive jaws that fit over a modern face, and elongated skulls have also been reported. Many of these discoveries were sent to the Smithsonian Institution in Washington D.C., seemingly never to be heard about again. The Smithsonian's own records describe at least 17 giant skeletons in annual reports. This book examines a possible cover-up initiated by Smithsonian scientists starting in the late 1800s.

The origins of “the tall ones” has been shrouded in mystery for centuries, but this book reveals where they came from, why they got so large, and the reason for their downfall, using the latest scientific research, genetic data, native myths, news reports, and ethnological research. This has become one of the most gripping stories of the last few centuries and for the first time the truth of the giants of North America has been revealed.

This book will also show you:

- How early explorers to America witnessed these giants first-hand, including Sir Francis Drake, John Smith and even some of the early presidents.
- Legends and myths that talk of cannibalistic, red-haired giants.
- Strange inscriptions, metal armor, mummified remains, and sophisticated technologies buried with the skeletons.
- How secret societies such as the Rosicrucians, Freemasons and Theosophists all claim the existence of giant humans in the past as historical fact in their literature.
- How the giants may be connected to the Denisovans from Siberia, the Nephilim

of Bible tradition, and other ancient cultures.

### **Editorial Review**

#### **Review**

"Jim Vieira and Hugh Newman have thoughtfully assembled a truly worthwhile collection of accounts herein. Take it for your library, and you'll return to it again and again over the years." - Ross Hamilton, author of *The Mystery of the Serpent Mound*, *A Tradition of Giants*, and *Star Mounds: Legacy of a Native American Mystery* "Essential book on the existence of giant skeletons and giant races in the Americas. It catalogues, chronicles and records original accounts and assesses their authenticity and reality, with a great summary of all the evidence to date. A perfect addition to the ancient mysteries bookshelf." - Andrew Collins, author of *Göbekli Tepe: Genesis of the Gods*, *From the Ashes of Angels*, and *The Cygnus Mystery* "Jim and Hugh have put together what is by far the best compilation of everything that is known about the reports of 'giant' skeletons recovered in America from the 1700s to the late 1900s. They included a thoughtful summary of the influence of hoaxed reports and exaggerations that have clouded our modern view of these anomalous finds and what is left is a mystery. *Giants on Record* is a well organized, logical, and thoroughly researched book." - Dr. Greg Little, author of *Path of Souls: The Native American Death Journey*, *The Illustrated Encyclopedia of Native American Mounds & Earthworks*, and *Mound Builders: Edgar Cayce's Forgotten Record of Ancient America* "The avalanche of evidence unearthed by the authors leaves the reader with no option but to agree with them. This is essential reading for anyone interested in history, archaeology, or ancient sites." - Geoff Stray, author of *Beyond 2012: Catastrophe or Awakening* and *The Mayan and Other Ancient Calendars*.

#### **About the Author**

Jim Vieira is a stonemason, writer and star of History Channel's *Search for the Lost Giants* with his brother Bill. He lives in Ashfield, Massachusetts.

Hugh Newman is an explorer, megalithomaniac and author of *Earth Grids: The Secret Pattern of Gaia's Sacred Sites* and co-author of *Giants on Record*. He is a regular guest on History Channel's *Ancient Aliens* and *Search for the Lost Giants*. He has articles published in *Atlantis Rising* and *World Explorer* (US), *New Dawn* (Australia) and numerous other publications. As well as organizing the Megalithomania conferences and tours, he has spoken at events in the UK, Malta, France, Peru, Egypt, Bosnia and North America. He lives in Glastonbury, England.

Why then must we leave a very important thing like a book *Giants on Record: America's Hidden History, Secrets in the Mounds and the Smithsonian Files*? Wide variety you have a different opinion about book. But one aim that will book can give many facts for us. It is absolutely suitable. Right now, try to closer using your book. Knowledge or data that you take for that, you may give for each other; it is possible to share all of these. Book *Giants on Record: America's Hidden History, Secrets in the Mounds and the Smithsonian Files* has simple shape however you know: it has great and big function for you. You can appearance the enormous

world by available and read a e-book. So it is very wonderful.

**Katie Jones:**

Information is provisions for people to get better life, information today can get by anyone from everywhere. The information can be a know-how or any news even a concern. What people must be consider whenever those information which is inside the former life are difficult to be find than now's taking seriously which one is acceptable to believe or which one typically the resource are convinced. If you get the unstable resource then you obtain it as your main information you will see huge disadvantage for you. All those possibilities will not happen within you if you take *Giants on Record: America's Hidden History, Secrets in the Mounds and the Smithsonian Files* as the daily resource information.

**Sean Mills:**

This *Giants on Record: America's Hidden History, Secrets in the Mounds and the Smithsonian Files* is great book for you because the content and that is full of information for you who all always deal with world and possess to make decision every minute. This book reveal it details accurately using great manage word or we can say no rambling sentences in it. So if you are read that hurriedly you can have whole information in it. Doesn't mean it only provides straight forward sentences but difficult core information with splendid delivering sentences. Having *Giants on Record: America's Hidden History, Secrets in the Mounds and the Smithsonian Files* in your hand like obtaining the world in your arm, details in it is not ridiculous one. We can say that no publication that offer you world with ten or fifteen minute right but this publication already do that. So , this is good reading book. Heya Mr. and Mrs. hectic do you still doubt in which?

**Lola Behrendt:**

As a scholar exactly feel bored in order to reading. If their teacher expected them to go to the library or even make summary for some guide, they are complained. Just very little students that has reading's heart or real their interest. They just do what the educator want, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that looking at is not important, boring and can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this *Giants on Record: America's Hidden History, Secrets in the Mounds and the Smithsonian Files* can make you feel more interested to read.
