Intermediate Accounting By Elizabeth A. Gordon, Jana S. Raedy, Alexander J. Sannella

This title is intended for students in the intermediate accounting course, but can also be used as a reference for practicing professionals.

Think like an accountant -- from the first day of class, throughout your

Thinking like an accountant isn't just rote memorization of accounting rules. Rather, it's developing the judgment and decision-making skills needed to form accounting estimates and evaluate financial statements critically. With its focus on Conceptual Framework fundamentals and critical thinking, Gordon, Raedy, and Sannella's Intermediate Accounting give readers opportunities to develop problem-solving skills, apply their judgment, and work with real company financials-all of the skills necessary to succeed in the course, and beyond. After mastering these essential skills, readers will not only be prepared to pass the CPA exam, they'll be able to think like accountants.

Also Available with MyAccountingLab

This title is also available with MyAccountingLab – an online homework, tutorial, and assessment program designed to work with *Intermediate Accounting* to engage students and improve results. From the first day of class, the interactive Accounting Cycle Tutorial gives students ample practice to refresh the basics, allowing instructors to spend valuable class time focusing on intermediate-level concepts and applications. Throughout the course, students test their understanding, receive helpful feedback on their errors, and practice solving accounting problems the way they will in their careers.

Editorial Review

About the Author

Elizabeth A. Gordon, Ph.D., MBA

Elizabeth A. Gordon is an associate professor of accounting at the Fox Business School at Temple University, and Merves Research Fellow. She received her Doctorate from Columbia University, Master's in Business Administration from Yale University, and Bachelor's of Science in Accounting with highest distinction from Indiana University.

Dr. Gordon specializes in the areas of international financial reporting and corporate governance. Her research is published in top journals including the *Journal of Accounting Research*, the *Journal of Accounting Auditing and Finance*, and *The Accounting Review*. She serves on the editorial review boards of the *Journal of International Accounting Research*, *The International Journal of Accounting*, and the *Accounting Research Journal*. She is an ex officio member of the *Executive Committee of the International Association of Accounting Education and Research*.

Dr. Gordon has taught courses in financial accounting and international accounting at the graduate and undergraduate levels, receiving a number of teaching awards. She has co-authored accounting readings for the CFA Institute, integrating IFRS and U.S. GAAP. She was an auditor with PricewaterhouseCoopers, LLP and interned at the Office of Management and Budget before entering academia. Dr. Gordon was licensed as a CPA in Maryland. She has been on the faculty of the Graduate School of Business at the University of Chicago, the Rutgers Business School, and a visiting professor at the University of Pennsylvania.

Jana S. Raedy, Ph.D., CPA

Jana Raedy is an associate professor of accounting, associate dean of the Master of Accounting Program, and the Ernst & Young Scholar in Accounting at the Kenan-Flager Business School at the University of North Carolina at Chapel Hill. She received her B.S. and M.S. from the University of Kentucky and her Ph.D. from the Pennsylvania State University.

Dr. Raedy's research is primarily focused on issues in international financial reporting as well as areas where financial reporting and taxation intersect. Her research is published in top journals such as *Journal of Accounting Research*, *Journal of Accounting and Economics*, *The Accounting Review*, *Contemporary Accounting Research and Journal of the American Taxation Association*.

Dr. Raedy has taught a number of courses in financial reporting at the graduate level, including core financial reporting (both introductory and intermediate accounting), international financial reporting, and forensic accounting. For over fifteen years she has been teaching a self-developed course in applied financial accounting research with a heavy emphasis on judgment and decision making. During her academic career, she has received a number of different teaching awards. She currently is a team member on the Ernst & Young Academic Resource Center, which provides faculty nationwide with comprehensive teaching materials for the integration of IFRS into the accounting curriculum.

Alexander J. Sannella, Ph.D., CPA

Alexander J. Sannella is currently an associate professor of accounting at the Rutgers Business School, the director of the MBA in Professional Accounting Program, and the director of the Rutgers Business School

Teaching Excellence Center. He received his Ph.D. in Accounting and Finance from New York University, and is a New York State Certified Public Accountant.

During his years at Rutgers Business School, he has taught at both the graduate and undergraduate level, and served as associate dean of the Business School and coordinator of the Department of Accounting and Information Systems. Previously, Dr. Sannella served on the faculty of New York University as an instructor of accounting at the Stern School of Business.

He has public accounting experience as an auditor for PricewaterhouseCoopers, LLP and KPMG, LLP. Dr. Sannella was also an independent consultant working on many projects with other public accounting firms, bankruptcy trustees, and leasing divisions of major insurance companies. He also served as a consultant to the Line of Business Program at Federal Trade Commission in Washington.

Dr. Sannella has over 40 years teaching experience at the university level and over 30 years experience in developing and teaching commercial and investment bank training programs. His clients included eight major investment banks and four of the world's largest commercial banks. His training programs include courses designed to train financial analysts and associates, and special programs for sales and trading professionals.

He is the author of many scholarly journal articles and two books. His articles focus on market-based accounting research. This research genre examines the impact on financial markets and stock prices caused by the release of accounting information and changes in accounting methods. Dr. Sannella's books focus on the effects of accounting alternatives on the judgment of analysts and other statement users. Many of the books' topics are included on training videos and CPE courses distributed by SmartPros, Ltd.

He has been interviewed by several publications including the Newark Star Ledger and NJ Biz.

Users Review

From reader reviews:

Michael Counts:

Spent a free time and energy to be fun activity to complete! A lot of people spent their down time with their family, or all their friends. Usually they doing activity like watching television, going to beach, or picnic in the park. They actually doing ditto every week. Do you feel it? Would you like to something different to fill your current free time/ holiday? Can be reading a book is usually option to fill your totally free time/ holiday. The first thing you ask may be what kinds of publication that you should read. If you want to try out look for book, may be the publication untitled Intermediate Accounting can be very good book to read. May be it may be best activity to you.

Patsy Hall:

Intermediate Accounting can be one of your nice books that are good idea. Most of us recommend that straight away because this guide has good vocabulary that may increase your knowledge in vocabulary, easy to understand, bit entertaining but nevertheless delivering the information. The author giving his/her effort to place every word into joy arrangement in writing Intermediate Accounting nevertheless doesn't forget the

main place, giving the reader the hottest in addition to based confirm resource info that maybe you can be among it. This great information may drawn you into new stage of crucial imagining.

Lillie Corley:

This Intermediate Accounting is fresh way for you who has attention to look for some information mainly because it relief your hunger info. Getting deeper you onto it getting knowledge more you know or else you who still having little digest in reading this Intermediate Accounting can be the light food for you because the information inside this particular book is easy to get by simply anyone. These books create itself in the form that is certainly reachable by anyone, that's why I mean in the e-book contact form. People who think that in publication form make them feel sleepy even dizzy this publication is the answer. So there is no in reading a publication especially this one. You can find what you are looking for. It should be here for anyone. So, don't miss that! Just read this e-book kind for your better life and also knowledge.

Sarah Lopez:

Some individuals said that they feel bored when they reading a guide. They are directly felt it when they get a half parts of the book. You can choose the particular book Intermediate Accounting to make your current reading is interesting. Your own skill of reading expertise is developing when you including reading. Try to choose easy book to make you enjoy you just read it and mingle the feeling about book and reading especially. It is to be initially opinion for you to like to wide open a book and study it. Beside that the reserve Intermediate Accounting can to be your brand new friend when you're feel alone and confuse with the information must you're doing of these time.
