What happens when a baby is born with “ambiguous” genitalia or a combination of “male” and “female” body parts? Clinicians and parents in these situations are confronted with complicated questions such as whether a girl can have XY chromosomes, or whether some penises are “too small” for a male sex assignment. Since the 1950s, standard treatment has involved determining a sex for these infants and performing surgery to normalize the infant’s genitalia. Over the past decade intersex advocates have mounted unprecedented challenges to treatment, offering alternative perspectives about the meaning and appropriate medical response to intersexuality and driving the field of those who treat intersex conditions into a deep crisis. Katrina Karkazis offers a nuanced, compassionate picture of these charged issues in *Fixing Sex*, the first book to examine contemporary controversies over the medical management of intersexuality in the United States from the multiple perspectives of those most intimately involved.

Drawing extensively on interviews with adults with intersex conditions, parents, and physicians, Karkazis moves beyond the heated rhetoric to reveal the complex reality of how intersexuality is understood, treated, and experienced today. As she unravels the historical, technological, social, and political forces that have culminated in debates surrounding intersexuality, Karkazis exposes the contentious disagreements among theorists, physicians, intersex adults, activists, and parents—and all that those debates imply about gender and the changing landscape of intersex management. She argues that by viewing intersexuality exclusively through a narrow medical lens we avoid much more difficult questions. Do gender atypical bodies require treatment? Should physicians intervene to control the “sex” of the body? As this illuminating book reveals, debates over treatment for intersexuality force reassessment of the seemingly natural connections between gender, biology, and the body.

Editorial Review

Users Review

From reader reviews:

John Morris:

The book Fixing Sex: Intersex, Medical Authority, and Lived Experience can give more knowledge and information about everything you want. Why must we leave a good thing like a book Fixing Sex: Intersex, Medical Authority, and Lived Experience? A few of you have a different opinion about reserve. But one aim in which book can give many information for us. It is absolutely right. Right now, try to closer with the book. Knowledge or data that you take for that, you are able to give for each other; you may share all of these. Book Fixing Sex: Intersex, Medical Authority, and Lived Experience has simple shape nevertheless, you know: it has great and big function for you. You can seem the enormous world by open up and read a reserve. So it is very wonderful.

Ernest Bryan:

Information is provisions for anyone to get better life, information presently can get by anyone in everywhere. The information can be a knowledge or any news even a concern. What people must be consider while those information which is inside the former life are challenging to be find than now is taking seriously which one is suitable to believe or which one the actual resource are convinced. If you have the unstable resource then you understand it as your main information there will be huge disadvantage for you. All those possibilities will not happen inside you if you take Fixing Sex: Intersex, Medical Authority, and Lived Experience as your daily resource information.

Ellis Arnold:

Reading can called thoughts hangout, why? Because if you find yourself reading a book particularly book entitled Fixing Sex: Intersex, Medical Authority, and Lived Experience your brain will drift away trough every dimension, wandering in every aspect that maybe unfamiliar for but surely will become your mind friends. Imaging every single word written in a reserve then become one application form conclusion and explanation in which maybe you never get prior to. The Fixing Sex: Intersex, Medical Authority, and Lived Experience giving you yet another experience more than blown away the mind but also giving you useful details for your better life in this particular era. So now let us teach you the relaxing pattern is your body and mind are going to be pleased when you are finished examining it, like winning a casino game. Do you want to try this extraordinary paying spare time activity?

Deborah Fishman:

That reserve can make you to feel relax. This book Fixing Sex: Intersex, Medical Authority, and Lived Experience was multi-colored and of course has pictures around. As we know that book Fixing Sex: Intersex, Medical Authority, and Lived Experience has many kinds or type. Start from kids until young adults. For example Naruto or Private investigator Conan you can read and believe that you are the character on there. Therefore , not at all of book are generally make you bored, any it makes you feel happy, fun and rest. Try to choose the best book for yourself and try to like reading that.
