Editorial Review

Review

“In summary, this fantastic book would be a great addition to an undergraduate or general dental practitioner’s library, providing them with essential basic knowledge of dental implants, so they can educate their patients on the subject. Those wishing to become involved in dental implant provision will need to seek further reading from a core textbook.” (*British Dental Journal*, 26 October 2013)

From the Back Cover

This latest title in the popular at a Glance series provides a concise and accessible introduction and refresher on all aspects of implant dentistry. Following the familiar, easy to use a Glance format, each topic is presented as a double page spread with essential facts accompanied by clear diagrams and clinical photographs. Written by leading experts in the field, this book presents and illustrates key information on implant structure and selection, patient evaluation and examination, surgical techniques, bone augmentation and post-operative management and maintenance.

Implant Dentistry at a Glance is an ideal companion for all students of dentistry, clinicians and members of the dental team with an interest in implant dentistry.

Users Review

From reader reviews:

Tom Scott:

Do you have favorite book? If you have, what is your favorite's book? Publication is very important thing for us to find out everything in the world. Each guide has different aim as well as goal; it means that guide has different type. Some people really feel enjoy to spend their a chance to read a book. They are reading whatever they get because their hobby is usually reading a book. Consider the person who don't like reading a book? Sometime, person feel need book when they found difficult problem or perhaps exercise. Well, probably you'll have this Implant Dentistry at a Glance.

Edward Baca:

Book is written, printed, or outlined for everything. You can recognize everything you want by a guide. Book has a different type. We all know that that book is important issue to bring us around the world. Beside that you can your reading expertise was fluently. A reserve Implant Dentistry at a Glance will make you to always be smarter. You can feel much more confidence if you can know about every little thing. But some of you think in which open or reading a book make you bored. It is far from make you fun. Why they are often thought like that? Have you seeking best book or ideal book with you?

Gerald Chisholm:

Often the book Implant Dentistry at a Glance will bring that you the new experience of reading a new book. The author style to clarify the idea is very unique. In the event you try to find new book to see, this book very suited to you. The book Implant Dentistry at a Glance is much recommended to you you just read. You can also get the e-book through the official web site, so you can easier to read the book.

Annamarie Hernandez:

Playing with family inside a park, coming to see the water world or hanging out with friends is thing that usually you have done when you have spare time, in that case why you don't try factor that really opposite from that. A single activity that make you not experience tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love Implant Dentistry at a Glance, you could enjoy both. It is excellent combination right, you still would like to miss it? What kind of hang-out type is it? Oh occur its mind hangout people. What? Still don't buy it, oh come on its referred to as reading friends.
