The trend of globalization has led to a high level of interdependence among people from different cultures. With its large population and impressive economic accomplishments over the last two decades, China has become a major player on the world stage. This collection of essays takes critical steps toward understanding the way the Chinese manage and resolve conflict. 20 chapters form the most comprehensive book ever published on the subject, one that explores both its theoretical and practical aspects. This work holds certain appeal for communication scholars, Asian Studies scholars, and business people alike.
