Is there room for God in a world dominated by science? Is there room for science in a world that hungers for meaning, not just data? Quantum physics, the science that explores the very foundations of reality, suggests that science and religion have more in common than we might think.

Quantum Christianity takes you on a journey of discovery that shows how the Christian faith can be transformed by the surprising and even bizarre insights of quantum physics.

Editorial Review

About the Author

Jim Groves has been a technical writer in the computer industry for more than 25 years. Before that, he was a Presbyterian pastor, which helps account for his continuing interest in matters theological. He has a Master of Divinity Degree from San Francisco Theological Seminary and has been married to Patty for over 35 years, despite his pedantry.

Users Review

From reader reviews:

Karen Ruiz:

Spent a free time to be fun activity to complete! A lot of people spent their leisure time with their family, or their friends. Usually they undertaking activity like watching television, going to beach, or picnic within the park. They actually doing same task every week. Do you feel it?
