Editorial Review

From the Back Cover

Curriculum: Foundations, Principles, and Issues, 6/e presents a comprehensive, thoroughly balanced overview of the entire field of curriculum—principles, foundations, issues, and procedures for conceptualizing, developing, implementing, and evaluating curriculum. The authors use an approach that encourages readers to consider choices and formulate their own views on curriculum. As in previous editions, the text thoroughly explores the historical, philosophical, psychological, and social context for the field; addresses the curriculum process and issues that influence it; and encourages readers to consider how new thinking impacts curriculum deliberations, development, and implementation.

See clearly the meaning of the research and insights into the curriculum process through the text's "Curriculum Tips."

Become oriented to the main ideas at the beginning of each chapter through helpful Focusing Questions.

See how learning becomes more meaningful through overview tables and summaries of the major concepts and principles discussed in each chapter.

Prepare for today's standards-based curriculum environment in the Curriculum Development chapter (Ch.7), which integrates aims, goals, and objectives.

Follow the curriculum process from start to finish in Part II, Principles of Curriculum that covers Curriculum Design, Curriculum Development, Curriculum Implementation, and Curriculum Evaluation in that order.

The Sixth Edition of Ornstein and Hunkins' widely popular text has been revised and updated to include balanced coverage of the latest issues, research, and thinking in national and global education and curriculum, including:

- **A new chapter on International Education** (Ch. 10) examines curriculum and education in six countries: Finland, Turkey, Australia, China, Brazil, and the Republic of South Africa
- This edition includes a major discussion on **international testing**.
- The Historical chapter has **new information on Charles Eliot and William Harris**.
- **All chapters have been revised and updated**, including major revisions to Social Foundations (50% new material).
