## Top Knife: Art and Craft in Trauma Surgery By Hirshberg Asher

This book will help you take a badly wounded patient to the operating room, organize yourself and your team, do battle with some vicious injuries, and come out with the best possible result. It is a practical guide to operative trauma surgery for residents and registrars, for general surgeons with an interest in trauma, and for isolated surgeons operating on wounded patients in military, rural, or humanitarian settings. A surgical atlas may show you what to do with your hands - but not how to think, plan, and improvise. Here you will find practical advice on how to use your head as well as your hands when operating on a massively bleeding trauma patient.
