Editorial Review

From the Back Cover

This book examines Michigan's colorful history from 1980 to 1994. George May has used the large body of new studies that have appeared in recent years to expand and improve the book's coverage of Indians, African Americans, various ethnic groups, recent political developments, labor and business, and numerous other topics.

About the Author

Born and educated in Michigan, the late Dr. George S. May devoted most of his career to teaching, studying, and writing about the state's history. His two-volume Pictorial History of Michigan, published in the late 1960s, has virtually become a classic of its genre and subject matter. Given the state's industrial distinction and his own expertise, Dr. May also wrote *A Most Unique Machine: The Michigan Origins of the American Automobile Industry*, and *R.E. Olds: Auto Industry Pioneer*. In 1986 Dr. May became a professor emeritus of history at Eastern Michigan University after teaching for twenty years at that institution. In 1986-1987 he served as visiting curator at the Henry Ford Museum in Dearborn, assisting with its exhibition, "The Automobile in American Life."

Users Review

From reader reviews:

Barry Houde:

Inside other case, little persons like to read book Michigan: A History of the Wolverine State. You can choose the best book if you like reading a book.
