Mystic Wisdom of the Masters - The Esoteric Knowledge of Great Adepts:  
2017 Edition By M.G. Hawking

### Explore the Most Profound Knowledge of the Ages.

You are invited to take an unprecedented journey into a legendary world to unlock ancient wisdom capable of conveying extraordinary perceptive abilities and creative powers. Revealed in this book is knowledge offering the illumination and techniques necessary to create a superlative life, but of which very few have a full appreciation or understanding.

Sweeping in an immense arc across South Asia is the *Great Himalayan Range*, an uninterrupted 1,500 mile long crescent of mountains with over 110 peaks rising to elevations of 25,000 feet or more. Extending from Kashmir's 26,600 foot *Naga Parbat* through Tibet's 25,445 foot *Namcha Barwa*, the vast range of the *Himalaya* cradles the most isolated areas of Earth's landmass. Yawning gorges as deep as 16,000 feet and ice peaks towering nearly six miles high shelter remote, lushly forested valleys. For thousands of years, the largely inaccessible and unexplored inner portion of this wilderness has been known in esoteric literature as the *Great White Island*, and has inspired countless stories and legends that it conceals the dwelling place of a hidden society of masters possessed of great wisdom and power.

On an extended trek into that remote inner range, explorer M.G. Hawking chanced on a valley deep in the rugged wilderness. Nestled in a majestic vale surrounded by vast snowfields and *Himalayan* peaks so high as to appear overhead, he encountered a tiny village called *Siddhalaya*.

Hawking's discovery marked the beginning of a series of

extraordinary experiences. Soon after arriving he realized, a bit like Columbus or Marco Polo, that he had discovered a world far stranger and vastly more profound than any he could have ever imagined. In that isolated village he had the privilege of meeting a number of remarkable men and women—introduced to him as “masters” and “adepts”—possessed of wisdom, knowledge and power virtually unknown in the Western world.

Transcribed directly from the journals and field notes Hawking recorded of his extensive conversations with these sages, this book reveals the esoteric knowledge and practices of profoundly enlightened *Himalayan* masters. Inspirational and richly enlightening, this volume sets forth the fundamental knowledge, essential principles of consciousness and techniques to master astonishing abilities. In this book you'll learn directly from dialogues with true masters how to develop and utilize your own creative power in every aspect of your life—wealth, health, relationships, love, happiness, and in every interaction you have in the world. An incomparable read for anyone on a spiritual path and/or seeking greatly expanded personal knowledge and power.

"At last! A masterful, entertaining, straightforward presentation of the profound knowledge of those who know and preserve the arcane wisdom of an occult world. Filled with wit, wisdom, wonder and magic. Completely delightful cover to cover." —Susan C., D.Phil.
