Clinical Practice of Neurological & Neurosurgical Nursing By Joanne Hickey
PhD RN ACNP-BC CNRN F

This publication is included on the ANCC: American Nurses Credentialing Center's reference list.

The new Seventh Edition of the award-winning classic prepares its users to deliver expert care in this most challenging nursing specialty. It addresses neuroanatomy, assessment, diagnostic evaluation and management of the complete range of neurological disorders for which nurses provide patient care, including trauma, stroke, tumors, seizures, headache, aneurysms, infections, degenerative disorders and features new chapters on neurological critical care and peripheral neuropathies. The new edition has been thoroughly revised to reflect standards of care based on evidence-based practice. It now includes separate pathophysiology sections in each chapter, new resource guides, such as internet sites and professional and patient information sources, key points summaries, evidence-based boxes, and nursing research features.

A companion site with fully-searchable text and image bank is available with purchase of the book.
