The process of developing social and emotional skills begins as early as the first years of life, which is why the quality of interactions with others is crucial. You won't find an emotional intelligence test or an emotional intelligence quiz here, but rather a collection of emotional intelligence activities, described in detail with clear objectives and instructions. These activities will be your homework as a parent or tutor, something to work on with your child during his learning. It is the best emotional intelligence assessment you can make: by practicing these activities with your young ones and guiding their reactions and providing constant feedback to them.
