Some great advice in here about staying veryfeminine in dress and communication, and allowing the man to pursue,which men tend to need to feel a true desire for someone. When you chase men, it usually tends to lessen the interest - RebeccaSue

Love that it really has a focus about being true to yourself and not just bending over backwards and losing yourself - Joshua Paul

Full of good, solid, common sense ideas and reflections. It is also very simply and clearly written, which makes it easy and fun to read - Gary Gedall

Unlike many other books that keepyou bored for hours and give little value at the end, this book is verydetailed, not too long and goes straight to the point. I agree withevery step that I read in this book and Titania Hudson makes it reallyeasy to understand - MA. Antonio Armorsolo

About the Author

Titania Hudson is a veteran dating counselor residing in Los Angeleswith her husband and three children. Now, a self-published author, sheaspires to develop a series of dating books to help others cruise alongtheir dating journeys. With a specialized degree in Psychology and years of experience under her belt, she is familiar with the crises in dating and adept at highlighting the troubling issues that can crop up withinthe dating and marriage mart.

Nothing pleases her more thanhaving the chance to publish her relationship guides as a form of giving back to society, and she gains much satisfaction from knowing that herreaders are faring well in their love pursuits. Seeing couples split upwas definitely something she hated to see while doing her job, and shefelt that couples needed to have a clear understanding of what they want in a partner and not force themselves to accept one another 'blindly'in spite of the apparent faults and differences present in bothindividuals. That belief led her to start thinking about writing aseries of dating books to encourage all couples to adopt a practical yet healthy perspective of what love actually means to them.
