**Stitching Snow** By R.C. Lewis

Princess Snow is missing.

Her home planet is filled with violence and corruption at the hands of King Matthias and his wife as they attempt to punish her captors. The king will stop at nothing to get his beloved daughter back-but that's assuming she wants to return at all.

Essie has grown used to being cold. Temperatures on the planet Thanda are always sub-zero, and she fills her days with coding and repairs for the seven loyal drones that run the local mines.

When a mysterious young man named Dane crash-lands near her home, Essie agrees to help the pilot repair his ship. But soon she realizes that Dane's arrival was far from accidental, and she's pulled into the heart of a war she's risked everything to avoid.

In her enthralling debut, R. C. Lewis weaves the tale of a princess on the run from painful secrets . . . and a poisonous queen. With the galaxy's future-and her own-in jeopardy, Essie must choose who to trust in a fiery fight for survival.

## Praise for *Stitching Snow*

"'Snow White' gets an upgrade in this clever, surprisingly gritty science-fiction version."

*-Kirkus Reviews*

"[A] gripping story with lots of moving parts and will likely appeal to fans of genre fiction."

*-Booklist*

"This has strong appeal for sci-fi and fantasy lovers and fans of Marissa Meyer's 'Lunar Chronicles.'"

*-School Library Journal*

"In this interplanetary retelling of Snow White, debut author Lewis reveals a talent for worldbuilding and creating complex, memorable characters. As Essie owns up to her past and takes control of her fate, SF and fairytale fans alike will enjoy watching her beat the odds and find romance in the process."

*-Publishers Weekly*

"Essie's got the wit and strength to compete with any YA heroine, but it's her conflicted feelings toward her father and her willingness to finally save herself that make her memorable. This will certainly ease the wait for readers anxious for Meyer's next installment."

*-Bulletin of the Center for Children's Books*

"*Stitching Snow* is a satisfying read for those who appreciate strong female protagonists embedded in plots of intrigue."

*-VOYA*

## Editorial Review

From School Library Journal

Gr 7 Up—Essie is the only female living in mining settlement Forty-Two and earns her keep by "stitching" or repairing junk-tech for the local miners. She is an unwelcome presence, despite her much-needed expertise, and leads a precarious and solitary existence. When a shuttle crashes, leaving a stranger named Dane without a functional ship, Essie begrudgingly agrees to help him. It turns out that Dane is on a search for Princess Snow, the royal heir who went missing eight years ago. Once he realizes that Essie is indeed the princess, he kidnaps her, intending to use her as a bargaining chip in a prisoner swap. Forced to divulge secrets that she has long guarded, Essie convinces Dane that she is no friend of the court and the two join forces. This is a superb sci-fi retelling of "Snow White." Lewis does a marvelous job of slowly revealing the backstory of Essie's royal childhood, her incestuous relationship with the king, and the mystery surrounding her real mother. Inventive nods to the original fairy tale, such as the seven droids Essie built and the death scene of the evil queen, are expertly done. This has strong appeal for sci-fi and fantasy lovers and fans of Marissa Meyer's "Lunar Chronicles" (Feiwel & Friends).—Amy Nolan, St. Joseph Public Library, St. Joseph, MI

About the Author

R.C. Lewis ([www.rclewisbooks.com](http://www.rclewisbooks.com) and @RC\_Lewis) teaches math to teenagers-sometimes in sign language, sometimes not-so whether she's a science geek or a bookworm depends on when you look. That may explain why her characters don't like to be pigeonholed. Coincidentally, R.C. enjoys reading about quantum physics and the identity issues of photons.

## Users Review

From reader reviews:

**Dustin Kellett:**

Now a day folks who Living in the era just where everything reachable by talk with the internet and the resources inside it can be true or not demand people to be aware of each facts they get.
