Editorial Review

Review

"Finding quality art books for anything related to pop culture is fairly difficult, and video games in particular suffer. Titan actually cares, and that care shows in their work. Just compare it to any art book from a 'Limited Edition' game bundle. Titan's printing is much better and the collection is much more complete; their art books are books in their own right ... one of the better gaming art books available." – *Uproxx's Gamma Squad*

"It's jam-packed with beautiful concept art and sketches" – *The Verge*

"Great for fans of the series, art book collectors, and those who are looking for a gift for the Halo fan that has most everything from the series already but doesn't yet have this book." – *Total Gaming Network*

"Art lovers and fans of the series will love this book. So if you're able to put down your controller for a moment and take a break from some war games, pick up Awakening: The Art of Halo 4, you're bound to be glad that you did." – *Gamer Exchange*

"This book is a testament to those people who worked tirelessly to create a visually appealing game." – *Gaming Bolt*

"A lavish coffee-table book that provides a detailed look at art created specifically for the new version of the game." – *Military.com*

"If you are any kind of fan of Halo, then this book is a must-buy for you"
