Darkside Zodiac By Stella Hyde

Aren't Cancerians fed up with being the mothers of the universe? Don't Leos become weary of being told they're just fun-loving party animals? Does a girl--or boy--ever get to flash their mean streak? Do they ever--in Darkside Zodiac, the book that exposes the hidden underside of the stars, and how they affect the dark side of everyone.

The zodiac definitely has a dark side that influences the nasty in every one under every sign:

When Scorpions shed their Ms. Manners persona out pops a sex-mad control freak.

Capricorns are really bean-counting misanthropes.

Aries are head banging psychos.

Aquarians can't wait to be beamed back to the mothership.

Darkside Zodiac covers personalities, rising sign, ruling planet, Moon, qualities, and elements. It also details lifestyle choices (jobs, vacations, fashion, interior design, partners) all from a gripping, yet rarely discussed perspective.

Stella Hyde is also the author of *Darkside Zodiac at Work*, and *Darkside Zodiac in Love* all published by Weiser Books. She is also a grudge-bearing Cancer who resides in England and thinks everyone should embrace their evil twin.

Users Review

From reader reviews:

Robert Franco:

Here thing why this kind of Darkside Zodiac are different and dependable to be yours. First of all examining a book is good nevertheless it depends in the content of it which is the content is as scrumptious as food or not. Darkside Zodiac giving you information deeper and in different ways, you can find any book out there but there is no e-book that similar with Darkside Zodiac. It gives you thrill examining journey, its open up your current eyes about the thing that will happened in the world which is might be can be happened around you. It is possible to bring everywhere like in recreation area, café, or even in your method home by train. Should you be having difficulties in bringing the printed book maybe the form of Darkside Zodiac in e-book can be your alternative.

James Smith:

Precisely why? Because this Darkside Zodiac is an unordinary book that the inside of the reserve waiting for you to snap that but latter it will zap you with the secret the item inside. Reading this book adjacent to it was fantastic author who all write the book in such wonderful way makes the content interior easier to understand, entertaining way but still convey the meaning thoroughly. So , it is good for you for not hesitating having this ever again or you going to regret it. This book will give you a lot of gains than the other book possess such as help improving your ability and your critical thinking way. So , still want to hold up having that book? If I have been you I will go to the e-book store hurriedly.

Harry Blalock:

Playing with family inside a park, coming to see the sea world or hanging out with buddies is thing that usually you could have done when you have spare time, in that case why you don't try matter that really opposite from that. Just one activity that make you not feeling tired but still relaxing, trilling like on roller coaster you already been ride on and with addition info. Even you love Darkside Zodiac, it is possible to enjoy both. It is very good combination right, you still need to miss it? What kind of hangout type is it? Oh seriously its mind hangout folks. What? Still don't obtain it, oh come on its named reading friends.

Scott Manuel:

Do you like reading a e-book? Confuse to looking for your preferred book? Or your book was rare? Why so many concern for the book? But almost any people feel that they enjoy for reading. Some people likes reading through, not only science book but novel and Darkside Zodiac or even others sources were given understanding for you. After you know how the great a book, you feel want to read more and more. Science e-book was created for teacher or students especially. Those guides are helping them to increase their knowledge. In various other case, beside science reserve, any other book likes Darkside Zodiac to make your spare time much more colorful. Many types of book like here.
