Book 1: Seducing Summer

Callie Summer, CEO of the Four Seasons lingerie business, is in shock. She'd expected her new PA to be a middle-aged frump, but Jean turns out to be Gene, and he's neither middle-aged, nor anything like a frump. When the gorgeous Bond-lookalike insists he'll be the perfect companion on her business trip around the country, Callie agrees to give him a trial. Having recently found her ex in bed with another woman, she's not looking for love. But a little bit of private lusting never did anyone any harm.

Once a military journalist with the New Zealand Army, Gene now runs his own security firm. Hired by Callie's mother, Phoebe, to secretly protect her daughter after Phoebe receives death threats against her family, Gene finds his work cut out for him. Callie's as delectable as she is infuriating, and his urge to seduce her fights with his duty to keep her safe.

It's not long before they give in to their passion, and the weather isn't the only thing that turns hot and sultry as they travel further north. But Gene can't keep his identity a secret from Callie forever. And when an attempt is finally made on her life, the truth threatens to break them apart.

Warning: it grows hotter and hotter as they travel north through the country. So does the weather.

"Every once in awhile, I find a book that truly surprises me... Seducing Summer was one of those books." 5 stars from Readyourwrites Book Reviews

### **From the Inside Flap**

Bringing up a hand to cup her cheek, he moved forward until they were only an inch apart. Callie didn't move, but her breasts rose and fell quickly, and her eyes widened, the pupils huge in the semi-darkness.

"Tell me to stop," he said huskily, pausing when his lips were a fraction of an inch from hers.

She didn't move to kiss him this time, but waited, her breath whispering across his lips, and gave an almost undetectable shake of her head.

"Please," he demanded. He wasn't strong enough. He was weak--possibly the weakest man of all time, a slave to his senses, a self-indulgent fool who would undoubtedly regret this in the morning, but who, right now, could no more walk away from this woman than he could turn his back on someone who was drowning.

Callie still didn't move. When she spoke, her voice was soft as the summer breeze that was stroking the back of his neck. "Why would I do that, when it's what I want more than anything in the world?"

Gene groaned, slid his hand into her hair, and lowered his lips to hers.

Their previous kiss had been feather-light, tender and gentle. But this time, he was too hungry to rein in his passion.

He claimed her mouth, hot and hard, conscious he could almost be bruising her with his ardor, but she didn't complain or move back. Quite the opposite--she lifted her arms around his neck and pressed herself against him, tipping her head to the right to change the angle of the kiss. He brushed his tongue across her bottom lip, and she moaned and opened her mouth to him, welcoming the slide of his tongue inside with little thrusts of her own.

Gene's thoughts and emotions spiraled together, becoming a jumble of sensations. He couldn't think about anything but the sensual slip of her tongue against his, the feel of her silky hair sliding through his fingers, the softness of her flesh beneath his hand when he laid it on her waist. As he'd guessed, she tasted of strawberries, the prominent flavor of the rosé she'd been drinking, touched with the earthy richness of the chocolate pudding they'd eaten at the end of their meal.

He moved his hand to the small of her back, pulling her against him, feeling the press of her breasts against his chest. Slowly, his mind scolded him--this was just a kiss, and he didn't want to insult her by assuming it would lead to anything more. Which of course it shouldn't.

Pull away now, his brain yelled. Say thank you and wish her goodnight, and retire gracefully before you make a fool of yourself.

But it was hard to stop when she'd tugged his shirt from his trousers and had slipped her fingers beneath it. Her hand was warm on his back, her nails grazing as she explored his muscles, and when she scored them lightly around his ribs and stroked over his nipples, Gene nearly exclaimed out loud.

Callie moved then, stepping back, and with surprise he realized she'd opened her door and was backing into her room. He paused, about to say something, but she took his hand and pulled him with her, leading him inside.
