Editorial Review

Amazon.com Review

"Virtually all contemporary liberal assumptions about the origin of racism, its historical significance, its contemporary effects, and what to do about it are wrong," announces Dinesh D'Souza in another characteristically thought-provoking and controversial book. His scrupulously researched study of the history, nature, and effects of racism will certainly ruffle many feathers--particularly those of cultural relativists and liberal "antiracists" whose opinions he aims to discredit. But thinkers of all political persuasions would benefit from reading this self-described conservative's eloquently presented views as he "excavates beyond the usual digging sites" to present a unique and troubling vision of the "neurotic obsession" with race that continues to divide American society.

Much of what D'Souza says flies in the face of liberal doctrine. He maintains that there are cultural differences that account for distinct levels of achievement among races, and that racism cannot be blamed for "black failure." He argues that racism is not a universal phenomenon but a relatively recent Western intellectual concept, and because we can trace racism's beginning we can likewise bring about its demise. He deals blow after blow to longstanding "myths" about race, criticizing the "civil rights industry," rejecting "misguided" solutions such as multiculturalism and proportional representation as "fighting discrimination by practicing it," and even calls for a repeal of the near-sacred Civil Rights Act of 1964.

This is not an easy book to read, but it is an important one. Even if more than a few disagree with D'Souza's assumptions and arguments, all should welcome his well-considered, insightful treatment of this immensely difficult topic. --*Uma Kukathas*

From Publishers Weekly

Claiming that racism is no longer an important factor in American life, D'Souza argues that government must cease to legislate issues on a racial basis.

About the Author

Dinesh D'Souza has had a twenty-five-year career as a writer, scholar, and public intellectual. A former policy analyst in the Reagan White House, D'Souza also served as John M. Olin Fellow at the American Enterprise Institute, and the Robert and Karen Rishwain Fellow at the Hoover Institution at Stanford University. He has been named one of America's most influential conservative thinkers by the *New York Times Magazine*, and *Newsweek* cited him as one of the country's most prominent Asian-Americans.

Users Review

From reader reviews:

Irene Holmes:
