The Philosophy of Francisco Suarez From Oxford University Press

During the seventeenth century Francisco Suarez was considered one of the greatest philosophers of the age. He was the last great Scholastic thinker and profoundly influenced the thought of his contemporaries within both Catholic and Protestant circles. Suarez contributed to all fields of philosophy, from natural law, ethics, and political theory to natural philosophy, the philosophy of mind, and philosophical psychology, and--most importantly--to metaphysics, and natural theology. Echoes of his thinking reverberate through the philosophy of Descartes, Locke, Leibniz, and beyond. Yet curiously Suarez has not been studied in detail by historians of philosophy. It is only recently that he has emerged as a significant subject of critical and historical investigation for historians of late medieval and early modern philosophy. Only in recent years have small sections of Suarez's magnum opus, the *Metaphysical Disputations*, been translated into English, French, and Italian. The historical task of interpreting Suarez's thought is still in its infancy. *The Philosophy of Francisco Suarez* is one of the first collections in English written by the leading scholars who are largely responsible for this new trend in the history of philosophy. It covers all areas of Suarez's philosophical contributions, and contains cutting-edge research which will shape and frame scholarship on Suarez for years to come--as well as the history of seventeenth-century generally. This is an essential text for anyone interested in Suarez, the seventeenth-century world of ideas, and late Scholastic or early modern philosophy.

Editorial Review

About the Author

Benjamin Hill received his PhD from the University of Iowa in 2003 and has taught at the University of Western Ontario since 2005. He works mainly on John Locke and seventeenth-century metaphysics, epistemology, and the philosophy of mind.

Henrik Lagerlund received his PhD from Uppsala University in 1999 and is currently Associate Professor and Chair of the Department of Philosophy at the University of Western Ontario. He has published extensively on medieval philosophy, including the monograph *Modal Syllogistics in the Middle Ages* (Brill, 2000). Among his edited books are *Rethinking the History of Skepticism* (Brill, 2010) and *Representation and Objects of Thought in Medieval Philosophy* (Ashgate, 2008). He is also the editor-in-chief of the *Encyclopedia of Medieval Philosophy* (Springer, 2011).

Users Review

From reader reviews:

Julianna Pepper:

Information is provisions for anyone to get better life, information today can get by anyone from everywhere. The information can be a expertise or any news even an issue.
