Repertoires and Cycles of Collective Action From Duke University Press Books

The modern era has generated a bewildering profusion of popular protest including widespread social movements and sporadic revolutionary upheaval. Despite the seemingly chaotic character of such collective action, social scientists have increasingly noted the remarkable regularities exhibited by even the most tumultuous social change. In this volume, sociologists, political scientists, and historians come together to assess the complementary concepts of repertoires and cycles as tools for illuminating the consistent patterns that emerge from the apparent chaos.

The significance of repertoires—recurrent forms or tactics of social protest—is explored in an essay on eighteenth- and nineteenth-century Britain by the originator of the concept, Charles Tilly. Sidney Tarrow, whose work has most directly linked the concept of repertoires with that of cycles—the recurrent peaks and troughs in the historical incidence of collective action—contributes an essay that focuses on twentieth-century Italy. Other essays investigate the rhythms and logic of social change in contexts as diverse as sixteenth- through nineteenth-century Japan, nineteenth-century Europe, and twentieth-century America. Through inquiries into the consequences of violent repression for social mobilization, the struggle to control the linguistic terms of social conflict, the unacknowledged antecedents of contemporary movements, and the importance of "movement families," this volume demonstrates the usefulness of these two concepts and defines the relationship between them.

Collected from past issues of *Social Science History*, with a new introduction and two new essays, *Repertoires and Cycles of Collective Action* will reward an interdisciplinary audience of readers with the extraordinary vitality that emerges from this rich blend of historical perspectives.

Contributors. Charles Brockett, Craig Calhoun, Doug McAdam, Marc Steinberg, Sidney Tarrow, Charles Tilly, Mark Traugott, James White

Editorial Review

Review

"This volume, which makes accessible in one place a set of readings that demonstrate the complementarity and centrality of the concepts of repertoires and cycles for the political-process model, deserves to be read by scholars and students of social movements, politics, and history."

--Verta Taylor," Contemporary Sociology"

"Taken together, all the essays point to the importance of examining states and social movements in interaction with each other and with the larger international political economy. Read in the context of other research and theory in this area, they contribute to our growing understanding of movement evolution."

--Pamela E. Oliver," American Political Science Review"

From the Back Cover

The significance of repertoires-recurrent forms or tactics of social protest-is explored in an essay on eighteenth- and nineteenth- century Britain by the originator of the concept, Charles Tilly.

About the Author

Mark Traugott, Professor of Sociology at the University of California, Santa Cruz, is the author of *Armies of the Poor* and editor of *The French Worker*.

Users Review

From reader reviews:

Jamie Brewer:

Hey guys, do you wishes to finds a new book you just read? May be the book with the subject Repertoires and Cycles of Collective Action suitable to you? Typically the book was written by popular writer in this era. The book untitled Repertoires and Cycles of Collective Action is the one of several books in which everyone read now. This particular book was inspired a lot of people in the world. When you read this book you will enter the new dimension that you ever know before. The author explained their plan in the simple way, and so all of people can easily to understand the core of this reserve. This book will give you a large amount of information about this world now. So you can see the represented of the world with this book.

Ray Shippee:

Often the book Repertoires and Cycles of Collective Action will bring one to the new experience of reading any book. The author style to clarify the idea is very unique. In case you try to find new book you just read, this book very appropriate to you. The book Repertoires and Cycles of Collective Action is much recommended to you to see. You can also get the e-book through the official web site, so you can more easily to read the book.

Cruz Fleury:

Playing with family in a park, coming to see the coastal world or hanging out with friends is thing that usually you may have done when you have spare time, and then why you don't try factor that really opposite from that. 1 activity that make you not experience tired but still relaxing, trilling like on roller coaster you already been ride on and with addition info. Even you love Repertoires and Cycles of Collective Action, you are able to enjoy both. It is great combination right, you still need to miss it? What kind of hang type is it? Oh come on its mind hangout fellas. What? Still don't have it, oh come on its named reading friends.

Maxine Ford:

As a scholar exactly feel bored to help reading. If their teacher questioned them to go to the library as well as to make summary for some e-book, they are complained. Just little students that has reading's heart and soul or real their interest. They just do what the trainer want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that reading through is not important, boring and also can't see colorful images on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Repertoires and Cycles of Collective Action can make you sense more interested to read.
