Love And Space Dust By David Jones

"And in the end we are nothing more than love and space dust."

 Get Print Book

Timeless poetry of feeling and emotion, Love And Space Dust carries readers on a journey through love, life and relationships, and then far beyond, into the stars and the far flung galaxies, where all that remains of the feelings we once felt and the lives we once lived is love and space dust.

From the author of the best selling *Could You Ever Live Without?*, *Love As The Stars Went Out*, *Highway Heart* and *Death's Door*.

Editorial Review

About the Author

David Jones is an author living in Liverpool, UK. Born in 1989 he began writing at an early age, publishing in magazines and winning competitions. A writer of both prose and poetry, his first book was published in 2011, and he has continued to publish regularly since. His poetry books have enjoyed tremendous success, often ranking as best sellers across the world. He has enjoyed a great deal of popularity on social media, and his writing has variously been posted by celebrities including Cara Delevingne, Khloe Kardashian, Britney Spears and Camilla Cabelo. He has also worked on academic projects and is currently completing a thesis in Early Modern travel writing at the University of Liverpool. His writing has been greeted with critical acclaim, and he is currently working on a full, feature length novel exploring themes of love, eternity, the nature of the universe and history. As well as writing and publishing books, David also writes scripts for theatre, acts and recently returned from a successful run as part of a comedy sketch troupe at the Edinburgh Festival. He also writes and directs short films, as well as uploading to his Youtube channel. David can be found on Facebook, Twitter @djthedavid, Instagram @storydj and on Youtube at youtube.com/storydj.

Users Review

From reader reviews:

Tasha Page:

As people who live in the particular modest era should be revise about what going on or facts even knowledge to make all of them keep up with the era which is always change and make progress. Some of you maybe can update themselves by studying books. It is a good choice to suit your needs but the problems coming to you actually is you don't know what one you should start with. This Love And Space Dust is our recommendation to help you keep up with the world. Why, as this book serves what you want and need in this era.

Carlos White:

Nowadays reading books are more than want or need but also become a life style. This reading behavior give you lot of advantages. Associate programs you got of course the knowledge the particular information inside the book this improve your knowledge and information. The info you get based on what kind of reserve you read, if you want have more knowledge just go with education and learning books but if you want sense happy read one together with theme for entertaining for example comic or novel. Typically the Love And Space Dust is kind of book which is giving the reader unstable experience.

Evelina Lewis:

You may spend your free time to read this book this e-book. This Love And Space Dust is simple to deliver you can read it in the playground, in the beach, train and soon. If you did not have got much space to bring the actual printed book, you can buy often the e-book. It is make you much easier to read it. You can save the book in your smart phone. Therefore there are a lot of benefits that you will get when you buy this book.

Ciara Wolfe:

Is it a person who having spare time after that spend it whole day by watching television programs or just lying down on the bed? Do you need something totally new? This Love And Space Dust can be the response, oh how comes? The new book you know. You are so out of date, spending your free time by reading in this brand-new era is common not a geek activity. So what these textbooks have than the others?
