Scribes and Scholars: A Guide to the Transmission of Greek and Latin Literature By L. D. Reynolds, N. G. Wilson

 Get Print Book

One of the remarkable facts about the history of Western culture is that we are still in a position to read large amounts of the literature produced in classical Greece and Rome despite the fact that for at least a millennium and a half all copies had to be produced by hand and were subject to the hazards of fire, flood, and war. This book explains how the texts survived and gives an account of the reasons why it was thought worthwhile to spend the necessary effort to preserve them for future generations.

In the second edition a section of notes was included, and a new chapter was added to deal with some aspects of scholarship since the Renaissance. In the third edition (1991), the authors responded to the urgent need to take account of the very large number of discoveries in this rapidly advancing field of knowledge by substantially revising or enlarging certain sections. The last two decades have seen further advances, and this revised edition is designed to take account of them.

Editorial Review

Review

"For the third edition the authors have not only brought the bibliographical notes up to date but also made extensive amendments and additions, both small and large, throughout the text."

--James Diggle, Queens' College, Cambridge, *The Classical Review* 12/05/1993

"This is a very fine book indeed. The text is written with admirable lucidity, wit and charm. The book itself is a clearly printed and stout paperback, well worth the recommended retail price of \$44.95, and of course, as befits a volume produced by the Oxford University Press on this topic above all, the text is flawless. Clearly I would recommend *Scribes and Scholars* as a valuable acquisition for a school library which could be consulted with profit by senior students ... this book, with its overwhelming proof of the centrality of Classics in the western tradition, is essential reading."

--M. Dyson, University of Queensland, *Ancient History*, 1992, No. 2 01/10/1993

"This enlarged version remains a valuable resource for both graduate student and scholar. *Scribes and Scholars* is a book which has done much good and will continue to do so."

--E. Christian Kopff, University of Colorado, *Classical Bulletin* (1992) 15/11/1993

"The third edition of this superb work has been carefully revised to reflect advances in classical scholarship since publication of the previous edition. The work is indispensable for classical students who have not read the previous edition, and recommended for those who want recent information on an essential subject."

--Gerald O'Sullivan, Stockton State College, *Classical World* 17/12/1993

About the Author

The Late **L. D. Reynolds** (d. 1999) was a Fellow and Tutor at Brasenose College, Oxford. He has edited *Texts and Transmission: A Survey of the Latin Classics* and is responsible for the Oxford Classical Texts of Seneca (*Letters* and *Dialogues*), Sallust, and Cicero (*De finibus*).

N. G. Wilson is Emeritus Fellow and Tutor of Lincoln College, Oxford. With D. A. Russell, he provided an edition of *Menander Rhetor* with accompanying translation and commentary. He has contributed to the Oxford Classical Text series Sophocles (in collaboration with Sir Hugh Lloyd-Jones), *Aristophanea* (2007), and the forthcoming *Herodotus*.

Users Review

From reader reviews:

Amanda Haskin:

Reading a publication can be one of a lot of task that everyone in the world loves. Do you like reading book thus. There are a lot of reasons why people enjoyed. First reading a e-book will give you a lot of new facts. When you read a e-book you will get new information because book is one of many ways to share the information as well as their idea. Second, reading a book will make an individual more imaginative. When you studying a book especially hype book the author will bring someone to imagine the story how the figures do it anything. Third, it is possible to share your knowledge to other individuals. When you read this Scribes and Scholars: A Guide to the Transmission of Greek and Latin Literature, you are able to tells your family, friends as well as soon about yours reserve. Your knowledge can inspire the mediocre, make them reading a e-book.

Diana Elliott:

Reading can called mind hangout, why? Because when you are reading a book particularly book entitled Scribes and Scholars: A Guide to the Transmission of Greek and Latin Literature your thoughts will drift away trough every dimension, wandering in each aspect that maybe mysterious for but surely can become your mind friends. Imaging every word written in a guide then become one contact form conclusion and explanation which maybe you never get just before. The Scribes and Scholars: A Guide to the Transmission of Greek and Latin Literature giving you yet another experience more than blown away the mind but also giving you useful data for your better life in this particular era. So now let us present to you the relaxing pattern here is your body and mind will probably be pleased when you are finished examining it, like winning a. Do you want to try this extraordinary shelling out spare time activity?

Edward Cottrell:

Reading a book being new life style in this year; every people loves to go through a book. When you study a book you can get a wide range of benefit. When you read ebooks, you can improve your knowledge, simply because book has a lot of information in it. The information that you will get depend on what types of book that you have read. If you need to get information about your study, you can read education books, but if you act like you want to entertain yourself read a fiction books, such us novel, comics, and also soon. The Scribes and Scholars: A Guide to the Transmission of Greek and Latin Literature offer you a new experience in reading through a book.

Mary Kidd:

Do you like reading a publication? Confuse to looking for your best book? Or your book has been rare? Why so many question for the book? But almost any people feel that they enjoy intended for reading. Some people likes looking at, not only science book but novel and Scribes and Scholars: A Guide to the Transmission of Greek and Latin Literature or perhaps others sources were given information for you. After you know how the truly great a book, you feel would like to read more and more. Science reserve was created for teacher or maybe students especially. Those guides are helping them to include their knowledge. In various other case, beside science e-book, any other book likes Scribes and Scholars: A Guide to the Transmission of Greek and Latin Literature to make your spare time considerably more colorful. Many types of book like this one.
