Governance By Anne Mette Kjaer

Governance is an easy-to read introduction to an increasingly important concept in political science. It provides a clear overview of how the concept has been used in the sub-fields of public administration and public policy, international relations, European studies and comparative politics.

There is no universally accepted and agreed definition of 'governance'. It remains an elusive theory, defined and conceptualized in various ways. In this book, Anne Mette Kjaer guides the reader through the key theoretical debates which have given rise to distinct interpretations of governance. Drawing on a wide range of empirical examples to illustrate her arguments, the author explores how governance has been used in different ways to describe political changes in the modern world. She goes on to weigh up the pros and cons of governance as an analytical term, and concludes with a discussion of the World Bank's role as an international organization which aims to promote 'good governance' in poor countries across the globe.

This is the first textbook to offer a systematic assessment of current debates around the concept of governance. It will be a valuable resource for undergraduate and postgraduate students of politics, international relations and public policy.

Editorial Review

Review

'In *Governance: Key Concepts*, Anne Mette Kjaer has done scholars and students a worthy service by grounding the study of governance in a solid foundation of theoretical principle and practical example. She has encapsulated much of the governance literature into a readable, brief, and comprehensive work.'

International Studies Review

From the Back Cover

Governance is an easy-to-read introduction to an increasingly important concept in political science. It provides a clear overview of how the concept has been used in the sub-fields of public administration and public policy, international relations, European studies and comparative politics.

There is no universally accepted and agreed definition of 'governance'. It remains an elusive theory, defined and conceptualized in various ways. In this book, Anne Mette Kjær guides the reader through the key theoretical debates which have given rise to distinct interpretations of governance. Drawing on a wide range of empirical examples to illustrate her arguments, the author explores how governance has been used in different ways to describe political changes in the modern world. She goes on to weigh up the pros and cons of governance as an analytical term, and concludes with a discussion of the World Bank's role as an international organization which aims to promote 'good governance' in poor countries across the globe.

This is the first textbook to offer a systematic assessment of current debates around the concept of governance. It will be a valuable resource for undergraduate and postgraduate students of politics, international relations and public policy.

Users Review

From reader reviews:

Herbert Beckley:

Do you have favorite book? In case you have, what is your favorite's book? Reserve is very important thing for us to learn everything in the world. Each e-book has different aim as well as goal; it means that reserve has different type. Some people experience enjoy to spend their time and energy to read a book. They are reading whatever they get because their hobby is usually reading a book. Consider the person who don't like reading through a book? Sometime, person feel need book if they found difficult problem or even exercise. Well, probably you will need this Governance.

Jonathan Flannagan:

What do you regarding book? It is not important to you? Or just adding material when you want something to explain what you problem? How about your time? Or are you busy man? If you don't have spare time to accomplish others business, it is gives you the sense of being bored faster. And you have extra time? What did you do? All people has many questions above. They need to answer that question due to the fact just their can do that. It said that about book. Book is familiar on every person. Yes, it is suitable. Because start from on jardín de infancia until university need this particular Governance to read.

Ruth Irizarry:

Here thing why that Governance are different and reputable to be yours. First of all examining a book is good however it depends in the content of the usb ports which is the content is as scrumptious as food or not. Governance giving you information deeper and in different ways, you can find any publication out there but there is no reserve that similar with Governance. It gives you thrill studying journey, its open up your eyes about the thing this happened in the world which is perhaps can be happened around you. You can bring everywhere like in park your car, café, or even in your technique home by train. Should you be having difficulties in bringing the published book maybe the form of Governance in e-book can be your option.

Donna Moore:

Hey guys, do you would like to finds a new book to see? May be the book with the concept Governance suitable to you? The particular book was written by famous writer in this era. Often the book untitled Governance is the main of several books this everyone read now. That book was inspired many people in the world. When you read this reserve you will enter the new dimensions that you ever know just before. The author explained their idea in the simple way, therefore all of people can easily to understand the core of this publication. This book will give you a wide range of information about this world now. In order to see the represented of the world with this book.
