About the Author

Juanita De Barros is an associate professor in the Department of History at McMaster University. Her research concentrates on urban history and the history of public health and health workers in the British Caribbean. She written and co-edited several books and numerous articles on Caribbean history. Most recently, she co-edited (along with Audra Diptee and David Trotman) a collection of essays on recent Caribbean historiography (*Beyond Fragmentation: Perspectives on Caribbean History*, 2006).

Steven Palmer is Canada Research Chair in History of International Health at the University of Windsor. He has published a number of books and articles on the history of nationalism, education, social policy, medicine and public health in Costa Rica. His book, *Launching Global Health: The Caribbean Odyssey of the Rockefeller Foundation*, will be published in 2009. He is currently completing research on the politics of Cuban medicine in the age of bacteriology and US empire.

David Wright is the Hannah Chair in the History of Medicine at McMaster University in Hamilton, Canada. He is the author and co-editor of six books and two dozen articles on the history of mental health and psychiatry, including, most recently (with John Weaver, eds.), *Histories of Self-Destruction: Suicide in the Modern Western World* (2008).
