Essentials Of Management: An International And Leadership Perspective

By Harold Koontz

The ninth edition of this well known text continues to integrate theory with practice. As in the previous editions, the systems model serves as the framework and integrates five constituent management functions - planning, organizing, staffing, leading, and controlling. This new edition comes with a greater emphasis on leadership while retaining the international view of managing. The learner would find examples from top companies and renowned individuals which would not only help them deliberate upon but explore new vistas in management.
