Editorial Review

Review

"... an excellent primary source to alert one to known bioactivity in a group of compounds. It should be a much used text in any laboratory where the discovery and study of biologically active compounds is important." - Biochemical Systematics and Ecology - "... its acquisition for any group dealing regularly with phytochemicals would be a good investment." - Journal of Pharmacy and Pharmacology - "... invaluable for those of us involved in reading the vast literature concerning plant natural products ... a delightful volume which certainly deserves a place in the office of every phytochemist." - Phytochemical Analysis
