Get Print Book

If you enjoyed the chilling reading of *In Cold Blood* and were at the edge of your seat while watching Oliver Stone's *JFK*, you'll love this investigative look into all the facets of one of the top conspiracies of the twentieth century and beyond. DiEugenio, who has spent decades researching the Kennedy assassination, takes both an analytical and conversational approach to his fascinating exploration of the pivotal historical events and scandals surrounding that day.

Twenty years after the first edition of *Destiny Betrayed*, DiEugenio is back with his ever-expanding investigation into the life and death of JFK. But this is no simple reissue. It is a greatly revised and expanded version of the original book, including updates on all the topics it introduced back in 1992. DiEugenio has used the declassification process of the Assassination Records Review Board (ARRB) to obtain the most current information on topics like the Garrison investigation and Clay Shaw; the newly exposed fallacies of the Warren Commission; U.S.-Cuban policy from 1957 to 1963; Kennedy's withdrawal plan from Vietnam; Kennedy's challenge to the Cold War consensus in 1961, and where those ideas originated; the ARRB medical inquiry demonstrating conspiracy and cover up; and the problems with the investigation of the Kennedy case. DiEugenio's primary focus is on the Garrison inquiry, the New Orleans aspects of the Kennedy murder investigation, and the revelatory new information that bolsters Garrison's case and has been withheld from the public.

All of this and more is contained in the narrative of this complex crime, with twin focuses on the victim, John F. Kennedy, and the investigator, Jim Garrison.

Editorial Review

From Library Journal

In this book, DiEugenio, who has been investigating the Kennedy assassination for ten years, expands on the major points brought out in JFK, the Oliver Stone movie. Both Stone and DiEugenio agree with Jim Garrison's findings that the assassination was the result of a conspiracy, that members of the U.S. intelligence community were involved, that Kennedy was assassinated to allow U.S. foreign policy to be changed, and that the assassination amounted to a coup d'etat. While DiEugenio discusses Kennedy's rocky relationship with the CIA, he focuses on the Clay Shaw trial and the media's unfair depiction of Garrison as a crank. DiEugenio also points out that in 1975, both the Church Committee and the House Select Committee on Assassinations concluded, as had Garrison, that Lee Harvey Oswald was linked with the CIA and Cuban exiles. The book is thoroughly documented with endnotes, appendixes, and a bibliography of over 200 items. While no new revelations are offered, DiEugenio's impeccable research and clearly written analysis makes this a good choice for most libraries. Photos not seen. Other recent books on the Kennedy assassination are Mark North's *Act of Treason* and Mark Lane's *Plausible Denial*, both LJ 11/1/91.--Ed.

Review

“

A worthy and logical response to . . . those who would destroy Jim Garrison's immense contribution to the truth.

” (Oliver Stone)

About the Author

James DiEugenio is cofounder of two organizations, the Citizens for Truth about the Kennedy Assassination and the Coalition on Political Assassinations. He was coeditor of *The Assassinations*, a book on the deaths of JFK, Martin Luther King Jr., Robert Kennedy, and Malcolm X.

Users Review

From reader reviews:

Joy Hanson:
