Sex, Gender and Social Change in Britain since 1880 (Gender and History)

By Lesley A. Hall

Sexual attitudes and behaviour have changed radically in Britain between the Victorian era and the twenty-first century. However, Lesley A. Hall reveals how slow and halting the processes of change have been, and how many continuities have persisted under a façade of modernity.

Thoroughly revised, updated and expanded, the second edition of this established text:

- explores a wide range of relevant topics including marriage, homosexuality, commercial sex, media representations, censorship, sexually transmitted diseases and sex education
- features an entirely new last chapter which brings the narrative right up to the present day
- provides fresh insights by bringing together further original research and recent scholarship in the area.

Lively and authoritative, this is an essential volume for anyone studying the history of sexual culture in Britain during a period of rapid social change.

Editorial Review

Review

Praise for the second edition:

'A most welcome revision and updating of Hall's classic and much used work.' - Anna Clark, University of Minnesota, USA

'An excellent and comprehensive revision of the original text...will undoubtedly become again a leading *tour de force* in the field.' - Sue Morgan, University of Chichester, UK

Praise for the first edition:

'A super text which draws together a number of themes previously neglected - a good addition to any social history course.' - Yvonne Brown, Glasgow Caledonian University, UK

'...one of a few rare books which can be enjoyed by the general reader, used as an undergraduate text, offer fresh insights to social historians and indicate further lines of enquiry for future researchers...This is history written with transparent warmth and humanity - it will undoubtedly give pleasure to all who are fortunate enough to read it.' - Paula Bartley, Reviews in History

'Hall's credentials for marshalling great quantities of information on her topic are impeccable.' - Times Literary Supplement

'Excellent text, well written, comprehensive in content, accessible to students.' - Paula Bartley, University of Wolverhampton, UK

'This is an excellent book; superbly well informed but not weighted down with detail...It is also lively and entertaining.' - Chris Nottingham, School of Social Sciences, Glasgow Caledonian University, UK

'Wide ranging and accurate coverage of complex and sensitive issues regarding sexuality, gender and social change.' - Melinda Barone, University College Salford, UK

'There are few better people better placed to give an overview of the histories of sexuality since the late nineteenth century than Lesley Hall. As a senior medical archivist at the Wellcome Trust Library and author, she has been at the forefront of new historical work on sexuality over the last ten years. The value of this book is that it displays the breadth of recent historical research into fields of enquiry that can still sometimes seem almost impossible to illuminate. Sex, Gender and Social Change since 1880 demonstrates an accumulation of knowledge of British sexuality that would have amazed an observer only a decade ago.' - Sam Pryke, Sexualities

'...Sex, Gender and Social Change in Britain since 1880 is an ideal textbook for students. It offers the best overview of the development of sexuality in Twentieth-century Britain, and promises to become essential reading for anyone interested in the topic, or to anyone hoping to teach a course on the topic. There is enough primary material to make important contributions to the field of the history of sexuality, and the

synthesis of previous historical writing, which was long overdue, is both thought-provoking and convincing.'
- Ivan Dalley Crozier, Journal of the History of Sexuality

'This is an excellent overview which fills a gap in the market.' - C. Collette, Edge Hill University College, UK

Users Review

From reader reviews:

David Waymire:

The book Sex, Gender and Social Change in Britain since 1880 (Gender and History) can give more knowledge and information about everything you want. Why must we leave a very important thing like a book Sex, Gender and Social Change in Britain since 1880 (Gender and History)? Several of you have a different opinion about reserve. But one aim that will book can give many details for us. It is absolutely proper. Right now, try to closer along with your book. Knowledge or facts that you take for that, it is possible to give for each other; you are able to share all of these. Book Sex, Gender and Social Change in Britain since 1880 (Gender and History) has simple shape however, you know: it has great and massive function for you. You can seem the enormous world by wide open and read a book. So it is very wonderful.

Maritza Berry:

Nowadays reading books become more and more than want or need but also turn into a life style. This

reading practice give you lot of advantages. Advantages you got of course the knowledge the particular information inside the book that will improve your knowledge and information. The info you get based on what kind of reserve you read, if you want drive more knowledge just go with schooling books but if you want really feel happy read one together with theme for entertaining such as comic or novel. The actual Sex, Gender and Social Change in Britain since 1880 (Gender and History) is kind of book which is giving the reader unforeseen experience.

Michael Earl:

You may get this Sex, Gender and Social Change in Britain since 1880 (Gender and History) by browse the bookstore or Mall. Only viewing or reviewing it can to be your solve challenge if you get difficulties for the knowledge. Kinds of this book are various. Not only by means of written or printed but additionally can you enjoy this book simply by e-book. In the modern era similar to now, you just looking of your mobile phone and searching what your problem. Right now, choose your current ways to get more information about your guide. It is most important to arrange yourself to make your knowledge are still change. Let's try to choose right ways for you.

Molly Salazar:

As a student exactly feel bored to reading. If their teacher requested them to go to the library or make summary for some guide, they are complained. Just tiny students that has reading's internal or real their hobby. They just do what the educator want, like asked to go to the library. They go to there but nothing reading very seriously. Any students feel that reading is not important, boring as well as can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this period, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Sex, Gender and Social Change in Britain since 1880 (Gender and History) can make you really feel more interested to read.
