## Girlfriend from Hades By Christopher Smith

Have you dated someone that was bad for you but you just couldn't stay away? I was in a relationship with a girl that suffered from an extreme Borderline Personality Disorder who even described herself as self-destructive. That didn't stop me from trying. After it was all said and done, I decided to put my stories out there, so if you can relate to one side or the other, will hopefully help you get an outside perspective of how to cope. Girlfriend from Hades chronicles my 14-month relationship with a girl who although, loved the idea of commitment, wasn't mentally able to be my or anyone's girlfriend. She suffered from a cluster of Borderline Personality Disorder with Sociopathic tendencies. While that may sound like a horrible mix, Borderline and Sociopaths are full of charm and charisma and a bag of tricks (one of which is typically pathological lying and extreme manipulation). Girlfriend from Hades begins at the beginning when Hades, as I since dubbed her, and I met and tells the dysfunctional stories mixed of sentimentality as well as humor through our relationship and ultimate break-up.
