## Gone from My Sight: The Dying Experience By Barbara Karnes RN

The biggest fear of watching someone die is fear of the unknown; not knowing what dying will be like or when death will actually occur. The booklet "Gone From My Sight" explains in a simple, gentle yet direct manner the process of dying from disease. Dying from disease is not like it is portrayed in the movies. Yet movies, not life, have become our role models. Death from disease is not happenstance. It doesn't just occur; there is a process. People die in stages of months, weeks, days and hours. "Gone From My Sight" is literature used to reduce fear and uncertainty; to neutralize the fear associated with dying. It is designed to help people understand dying, their own or someone else's.
