The LASIK Handbook: A Case-Based Approach By Robert S. Feder, Christopher J. Rapuano

Unique in its focus on the patient rather than the technology, this handbook is a practical, accessible guide to LASIK surgery. Expert surgeons detail each step of patient evaluation, surgical planning, procedure, and management of complications, discuss the pros and cons of commonly used equipment, and demonstrate the nuances of technique. Emphasis throughout is on correct decision-making, preoperatively, intraoperatively, and postoperatively.

The book features 75 actual cases with expert discussion of effective strategies for each case. Indexes help readers quickly locate cases by symptom/finding or by equipment used. Over 70 full-color clinical photographs and other illustrations complement the text.

Editorial Review

Users Review

From reader reviews:

Bobbie Wallace:

People live in this new moment of lifestyle always aim to and must have the extra time or they will get wide range of stress from both lifestyle and work. So , whenever we ask do people have extra time, we will say absolutely of course. People is human not only a robot. Then we request again, what kind of activity do you possess when the spare time coming to you of course your answer can unlimited right. Then ever try this one, reading textbooks. It can be your alternative inside spending your spare time, the actual book you have read will be The LASIK Handbook: A Case-Based Approach.

Sam Stenger:

Beside this The LASIK Handbook: A Case-Based Approach in your phone, it may give you a way to get more close to the new knowledge or info. The information and the knowledge you can got here is fresh through the oven so don't possibly be worry if you feel like an outdated people live in narrow small town. It is good thing to have The LASIK Handbook: A Case-Based Approach because this book offers for you readable information. Do you oftentimes have book but you would not get what it's all about. Oh come on, that wil happen if you have this inside your hand. The Enjoyable agreement here cannot be questionable, such as treasuring beautiful island. Techniques you still want to miss this? Find this book and read it from today!

Simona Vela:

As a scholar exactly feel bored to reading. If their teacher requested them to go to the library as well as to make summary for some guide, they are complained. Just small students that has reading's soul or real their passion. They just do what the professor want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that looking at is not important, boring and also can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this The LASIK Handbook: A Case-Based Approach can make you truly feel more interested to read.

Paul Queen:

What is your hobby? Have you heard that will question when you got college students? We believe that that concern was given by teacher for their students. Many kinds of hobby, All people has different hobby. And

you know that little person like reading or as reading become their hobby. You must know that reading is very important along with book as to be the point. Book is important thing to incorporate you knowledge, except your own teacher or lecturer. You see good news or update about something by book. Amount types of books that can you take to be your object. One of them is The LASIK Handbook: A Case-Based Approach.
